The Chair presents to Council and to the citizens of Pittsburgh the new President of Council, Patrick T. Fagan.

Mr. Fagan:

Reverend Father, Mayor Barr, Judges of the Common Pleas and County Courts, County Officials, Members of City Council, my family and fellow Americans:

I am deeply grateful to my colleagues for the high honor they have once again bestowed upon me.

This is a proud moment for me and for the members of my family. In the words of St. Paul, "I am a citizen of no mean city." And because our city is a great one, it is a particular honor to serve on City Council and to be chosen President of this legislative body.

It was nearly 15 years ago that the people of Pittsburgh first elected me as a City Councilman. I can state honestly and humbly that the past 15 years have been the capstone of my life and career in the labor union movement and in public service.

We in Council have been privileged to participate in the remaking of a city that time and age and those of little faith had consigned to oblivion. But because this community has been blessed with men of great vision, we have been able to stem the decline and place Pittsburgh in the forefront of the nation's urban centers.

We are in the midst of a great forward surge despite the fact that this area and this Commonwealth are undergoing the severe stresses of an economic transition.

When I first took office on January 3, 1950, total land and building assessments in Pittsburgh were \$989,794,310. For the year 1964, our combined valuations will be \$1,227,284,184. This increase of nearly \$238 million has been primarily spurred by the urban renewal program which has transformed the skyline of the Golden Triangle and whose healing hand is now moving into various City neighborhoods.

During the past 15 years, we in Council have been called on to make many decisions affecting the future well-being of thousands of Pittsburgh citizens. The assessment figures I have just cited indicate, I believe, that we have decided wisely and with courage.

To those faint hearts who cry that urban renewal produces problems and risks and therefore should not be tried, my answer to them is to look back to 1946 and try to gauge where we would be today without the gains of the past 18 years.

To those critics who say we have attempted too much, my answer is that so much, much more remains to be done and we have made only a small but significant beginning. Significant, because we have developed in Pittsburgh a leadership team from government, from labor, from business, which is willing to work together in a constant search for the solutions to our complex problems.

To those critics who wall into the night that we have made mistakes, my answer is that perhaps we have on occasion. I don't think the people of Pittsburgh ever thought they were electing infallible men and women to serve as Mayor and Councilmen.

But if at times we have erred, they have been errors born of confidence and faith in this city, in its citizens, and its capacity to renew itself. Thank God, we can never be accused of what in my judgment is a much bigger error, the fear to try anything new and worship of the status quo.

There are those who seem to think the best way to avoid controversy and criticism is to do nothing. That is not the Pittsburgh way. Failure to attack a problem when it becomes acute only means that the bill must be paid by future generations at a cost many times higher.

On occasion, you will hear City Council derided for its alleged unanimity.

My answer is, that I for one, am proud of the fact that on the big issues pertaining to the economic, social and physical well-being of our citizens, the members of Council have usually voted with one voice and one heart in support of the measures advocated by the former Mayor David L. Lawrence and now by Mayor Joseph M. Barr.

I am likewise proud of the fact that when the members of Council do differ—they are the honest disagreements that good and conscientious legislators will inevitably have.

In closing, I would like to comment on one aspect of our work that best exemplifies the free and open democratic process—namely, our practice of giving every person the opportunity to be heard.

There has been a public hearing on every renewal project undertaken by the City. No group, no individual has ever been denied the chance to express his views. And so long as I am a member of Council, I would hope it will always be so.

In the weeks and months ahead, we in Council will again be called on to

exercise our fallible judgments on matters involving millions of dollars and decisions designed to make this city a better place in which to live and work.

I know my colleagues join me in asking for God's grace in making those decisions wisely and firmly.

I will yield the floor, first, to the queen of City Council—a lady who has kept us all on an even keel and has made us good, moral men—Council-lady Irma M. D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President, Reverend Clergy, Mayor Barr, Distinguished Guests, My Colleagues in Council, my kind Friends:

I am very happy to be taking the oath of office for the third time as a member of the Council of the City of Pittsburgh. I am humbly grateful to the people of this city for their support. I am also grateful to the Mayor of this city, Joseph M. Barr, the Democratic Party and my many friends who made this possible.

In the discharge of my duties in the next four years, I hope to use any energies I possess to insure domestic tranquility and to promote the general welfare, because, in effect, these are the problems of the world; these are the problems of our city. In attempting to do so, I ask Almighty God to help me to be a good and faithful servant to the people of this city. Thank you.

The Chair:

Thank you, Mrs. D'Ascenzo.

I now recognize Councilman John F. Counahan, a man who has been a member of Council for a great number of years, and like myself, a former leader of organized labor; a man who has given of his time, effort and intellect in trying to make Pittsburgh the kind of city we can all be proud of.

I now present John F. Counahan.

Mr. Counahan:

President Fagan, Reverend Clergy, Judge McCarthy, my good friend the Mayor, Elected Officials, Honored Guests:

I am going to be rather brief today because we do have other swearing-in ceremonies scheduled.

I wish to take this opportunity to thank the members of the Democratic Party and its workers, the members of organized labor who worked so hard in supporting me for re-election to Council, and the citizens of Pittsburgh.

I would like to wish everyone a very prosperous and happy New Year.

The Chair:

Thank you, Mr. Counahan.

I now recognize Councilman James A. Jordon, who is beginning his first full term in Council. He filled the unexpired term of the late Paul F. Jones (of happy memory). Mr. Jordon is Chairman of the Committee on Planning and Redevelopment and the Committee on Service and Surveys, which are very important committees.

I take pleasure in presenting James A. Jordon.

Mr. Jordon:

Mr. President, Reverend Clergy, Mayor Barr, Honored Guests, Fellow Elected Officials, Fellow Colleagues, My Friends and Members of the Democratic Family:

I would like to express my appreciation and gratitude to the citizens of the City of Pittsburgh and to the members of the Democratic Family who worked, supported and voted for me to give me this opportunity to again serve the citizens of the City of Pittsburgh.

To a native Pittsburgher, to one who has grown up in this community, it is quite an honor to be able to sit in this seat and make a contribution toward the future of the City of Pittsburgh. To participate in these decisions is something I never thought I would have an opportunity to do.

Every urban community is undergoing change. This means we, too, in the City of Pittsburgh are and will be confronted with problems that will require the insight, the knowledge and the understanding, as well as the wisdom, to pass the kind of legislation that will make this transition easy and meaningful.

I pray to God for the wisdom, the insight and the courage to make the kind of decisions that will be in the best interest of the citizens of the City of Pittsburgh and to the City of Pittsburgh itself.

Thank you very much.

The Chair:

Thank you, Mr. Jordon.

Now, we come to the baby of City Council, a man who has been a legislator for a long time. Of course, up until I was nominated by J. Craig Kuhn, which nomination was seconded by Philip Baskin and Irma M. D'Ascenzo, I didn't know whether Walter was going to vote for me or not. When I left him last Saturday he was in doubt as to whether he would vote for me or not. Now that the vote has been taken, it shows that he was for me, which made my election unanimous.

I take great pleasure in presenting Walter T. Kamyk, who is a man of honor, integrity and ability, a man who has an outstanding record in the General Assembly of the Commonwealth of Pennsylvania and a man who I know is going to make a good councilman.

Walter T. Kamyk.

Mr. Kamyk:

Mr. President, Reverend Clergy, Judge McCarthy, Honorable Mayor Barr, City Controller Frey, Distinguished City and County Officials, My former Colleagues in the Legislature and my Colleagues in Council, my Family, my Mother and Wife, especially, Ladies and Gentlemen, Friends:

I, too, am very happy to be a member of the Council of the City of Pittsburgh. I am very appreciative to the people of

the City of Pittsburgh for electing me for a full four-year term. I am happy that I can participate in the rebuilding of Pittsburgh in this way.

As far as our distinguished and honorable President is concerned, I don't think he was very fair to me when he indicated that I was considering opposition to him as being President of City Council, because I have a lot of respect for Mr. Fagan and I am happy that he is our councilman. He has the right kind of personality to take care of our parliamentary problems. I have been for Mr. Fagan on Saturday, before Saturday, and I still am.

Ladies, Gentlemen and Friends, all I can say now is that I hope that the good Lord helps me during the next four years to be a good councilman.

Thank you.

The Chair:

Thank you, Mr. Kamyk. I am glad that everything is all cleared up.

I would now like to present his honor the Mayor, who has been doing everything humanly possible to make Pittsburgh a great urban center. He is a very dynamic Mayor. He and Walter Kamyk spent a great deal of time in Harrisburg. There is no doubt that he knows how to go to Harrisburg and how to get things done in Harrisburg. There are many times he doesn't accomplish the things he would like to. But at the same time, he never quits trying.

I am happy to present his honor the Mayor, Joseph M. Barr.

Mayor Barr:

President Fagan, Father Hrico, Colonel Seller, Judge McCarthy, former member of this body who swore the new members in today, Distinguished City and County Officials and Friends:

I first want to say to the four re-elected Council members — congratulations. Then to all the members of Council, congratulations once again for electing Councilman Fagan as your President.

I say to the members of the Court on my left, to the County Officials, to the members of the Legislature, a number of them on my left (We used to have a saying, that old Legislators never die; they just fade away), and to Controller Frey who will be sworn in today at noon, to all of the citizens of Pittsburgh, brevity seems to be the word for the day, because we do want to get across the street to see the County Commissioners take their oath of office at eleven o'clock.

I don't know how many of you saw on Channel 2 yesterday a program entitled, if I have it rightly, "The Day After Tomorrow or The Renaissance of Pittsburgh." There were some things in that program which highlighted what has gone on and what will go on, not only in the City of Pittsburgh but Allegheny County and Southwestern Pennsylvania.

I sat at our last public hearing in this room when we had the Stadium Project before us. I think now and then the citizens of our city do not realize the role that City Council has played in what has been done, what is being done, and what we foresee in the future to be done. We have had just one end of it alone thirteen renewal projects.

I think that the people in Pittsburgh do not know that eight of them were financed entirely, without any Federal funds or funds such as that, by the City, with the exception, you might say, in relocating some streets and sewer lines, etc.

I think we have had a bold thinking Council. When I say bold I do not mean in a brash way. But we have had men who have dared to accomplish what others with fears would not like to have considered. We all know that any time progress is made we do have to step on some people's feet. That is as natural as tomorrow follows today.

Several weeks ago at a meeting in one of our downtown clubs I was talking to several men. They told me that there had been two very successful, nationally prominent businessmen and economists (mainly, they were businessmen before they were economists, and I have a

great respect for economists), who had traveled the United States from Boston, New York, Philadelphia, Pittsburgh, Chicago, out to St. Louis, Kansas City and Denver to the Coast and to the southern route and back, to report to these men that they think that Pittsburgh has gone through, mainly, its transition period. Now I don't mean by that that our work is done, because I think the members of City Council and myself will be battling to the day when everyone is employed in the City of Pittsburgh and there are no unemployed. In other words, we have gone through the transition of being, as it were, a "mill town," a "coal town," and things such as that. We have become a more diversified city and area. We have become, if you might want to say it, a "service city," somewhat like San Francisco. I am not here to criticize, but I think San Francisco and the Bay area is the only part of California that is founded on a sound economic basis. We can see the tremendous, almost beyond 25% of unemployment in the San Diego area where they were too reliant in California, in my opinion, on airplanes, government orders, and things of that sort.

Pittsburgh has been gifted by God, as you know, with a lot of material resources and, thank heaven, a great number of human resources. I think my figures are right when I say that nine years after the Renaissance started, as Councilman Fagan has clearly pointed out to you, and I am not going to repeat it, there were some 2500 people employed in Pittsburgh and surrounding areas in research. Today, there are some 19,000. The reason for that being that Pittsburgh is the home of 26 of the largest corporations, not to mention a number of smaller ones. And it is very natural that where the home office is they will want to have their research and development nearby.

I see great things in the future in Panther Hollow. To some of us, at the beginning it looked fairly much like a dream; that it might be far off. But I am happy to report, from what I have been able to gather from those people, that the thing is becoming more of a reality, a great part of it sooner than we think. Every man in research is like a foot soldier in the war—so many men behind.

The reason I am saying these things is that these corporations would not have stayed here if it weren't for a bold thinking and imaginative Council. If you can just close your eyes for a moment and look back to 1945, when we were known as the "smoky city" and still trying to live it down, there were those that thought the dirt of Pittsburgh was the better business of those times. If we had not made that move, I think many of these corporations would have left us, because people did not want to come here to work. Then, if you close your eyes for a moment and imagine the old Point, with seventeen more years of blight and filth and dirt on it and what it is today. Then look over where Mellon Park is and where the buildings surrounding it are—the Alcoa Building, United States Steel Building, the Porter Building. Then, go to the Lower Hill. I could go on, but we will never see the County Commissioners sworn into office if I don't sit down.

But I would like the public to know that these things would not have been if we had not had a bold and imaginative Council. Some people forget that the first renewal project was for private industry on the South Side of Pittsburgh, when we had to tear down some 400 homes, churches and schools, etc., for Jones & Laughlin Steel Corporation to expand within the City limits and provide work opportunities for more of our men.

May I conclude by saying to the four new members of Council, to the re-elected President of Council and to all the members of Council—my heartiest congratulations.

And we will save our congratulations for you, Ed Frey, this afternoon.

No. 11. Whereas, It is necessary that the indebtedness of the City of Pittsburgh be increased by the amount of Three Hundred Seventy-five Thousand (\$375,000.00) Dollars for the purposes of obtaining architectural plans, making grants to a proposed authority, and paying other preliminary expenses in connection with the erection of a proposed stadium on the North Side of the City; and

Whereas, Under Section 701A-704A of the Municipal Borrowing Law of June 25, 1941, as added by the Act of September 8, 1959, P. L. 802, and the Act of December 22, 1959, P. L. 2018, political subdivisions are authorized to incur

temporary indebtedness for capital expenditures for municipal improvements to be repaid within five (5) years, unless refunded by the issuance of bonds;

Now, Therefore, Be It Resolved, That the Mayor and the City Controller are hereby authorized and directed to borrow the sum of Three Hundred Seventy-five Thousand (\$375,000.00) Dollars for the purposes hereinabove set forth, in accordance with the provisions of the Municipal Borrowing Law, the indebtedness to be evidenced by a note of the City of Pittsburgh bearing interest from the date of said note at the lowest rate of interest obtainable after the taking of letter bids from various banking institutions in the City of Pittsburgh.

Which was read.

Mr. Baskin moved

The adoption of the resolution.

Mr. Kuhn:

Mr. President, I believe this resolution being presented for action at this time means increasing the indebtedness of the City by \$375,000. This is purely for the purpose of completing the plans for the Municipal Stadium. I intend to vote against it, but I would like to point out also, if I understood it correctly, that the taxpayers will be paying \$375,000, plus the debt service on it, to cover plans alone, which have not been completed for this stadium, and on the completion of which we would ultimately have to ascertain whether to incur the indebtedness to build the stadium itself. Cost estimates can't be prepared and we can't have bids until this is done.

It seems to me this is a matter that would require more study and investigation than action today without referral to a committee on our future deliberations.

Mr. Jordon:

Mr. President, it is my understanding that if we do go ahead with the construction of the stadium, that this amount would be reimbursed to the City by the Federal government.

The Chair:

Are there any further remarks?

And the question recurring on the motion, that the resolution be adopted, the ayes and noes were taken, and being taken were:

Ayes:—

Mr. Baskin	Mr. Jordon
Mr. Counahan	Mr. Kamyk
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
	(Pres't)

Noes: Mr. Kuhn.

Ayes 8. Noes 1.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Also

No. 12. Whereas, The Rt. Rev. Monsignor Daniel A. Lawless, Pastor of St. Mary of Mercy Parish in downtown Pittsburgh has been summoned to his eternal reward after a full and holy life of 88 years; and

Whereas, For 58 years he served this area as a Catholic priest and for 42 was a pastor in the heart of Pittsburgh; and

Whereas, From the first day to the last, he was at the service of all the people and opened his heart to everyone who approached him; and

Whereas, He was kind, gracious and helpful to the weak and the strong, the poor as well as those with resources; and

Whereas, He particularly was a friend to the police and the firemen of our great city; and

Whereas, He erected a splendid structure to enhance the downtown area and service the throngs who filled that structure daily and the very many who found therein a place of refreshment, rest, meditation and prayer; and

Whereas, For decades of his life he brought his kindly service to isolated and smaller areas where there was no one else to minister to those particular needs; and

Whereas, He was at all times a man of dignity and honor, of kindness and courtesy, a living symbol of faith,

Be It Resolved, That this body go on record as thanking God that this great man of cloth was left with us so long and as regretting that his great ministry had to come to an end. We shall remember him and the values he stood for, a great human being, a great religious leader and an inspiring American, Daniel A. Lawless.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

The Chair:

Before introducing Colonel Seiler, I want to express my thanks, appreciation and gratitude to the members of Council, Mr. Kuhn who nominated me and those who seconded the nomination. I hope I will live up to the expectations of the members of Council.

I hope the year 1964 will be one of health, peace, happiness and prosperity for all of us.

Now, I will ask Colonel Seiler to deliver the benediction.

Colonel Paul D. Seiler, Divisional Commander, The Salvation Army, delivered the following benedictory prayer:

Col. Seiler:

So shall we pray.

The earth is the Lord's and the fullness thereof. Blessed be the name of the Lord.

We pause on this occasion, Father, to give thanks unto Thee. Thou hast blessed us abundantly, far more than we deserve. Thou hast blessed our city with beauty, with parks and buildings, beautiful churches and other places. Thou hast blessed our people with intellect. Thou hast given us great schools and universities in order

that our people may be brilliant. Thou hast blessed us with good leadership so that our city will be well governed.

We pray a special blessing upon those who, today, have assumed responsibility, and all others in this city. We are glad to have men and women, good, tried and true, who down through the years have given us an administration of which we have been proud. Continue to bless us with that type of leadership. Give wise counsel to those who head every department, from the Mayor down to the lowest position. Bless our community as a whole. May we be a Godly people, an upright people, a people who know Thee.

We now pray the blessing of God the Father, the love of Jesus Christ His Son, the fellowship of the Holy Spirit to be our abiding portion, both for today and for the years to come.

And the people said, Amen.

The Chair:

Thank you, Colonel Seller.

I see an old friend in the audience, Brigadier Henry Dries of The Salvation Army. Brigadier Dries has delivered the invocation in Council Chambers many times. Whenever Colonel Seller was unable to be here, Brigadier Dries would always be available.

I would like to recognize Mrs. Counahan. Will you please take a bow.

We are glad to see you. We all know that you were ill for a while. We are certainly happy to know you are back on your feet and was able to get out to vote for John for re-election to Council.

Mr. Frank D'Ascenzo, would you please take a bow.

Mr. Jordon:

Mr. President, I neglected to refer to my wife in my remarks. I would like her to take a bow.

Mr. Kamyk:

I would like for my mother, my wife and my mother-in-law and the rest of the family to please stand.

The Chair:

We are certainly happy to see all of you here. We are glad you have come today.

The Chair:

The Chair will now entertain a motion to adjourn.

Mr. Leslie moved

That Council now adjourn to meet at the call of the Chair.

Which motion prevailed.

And Council adjourned.

PRESENTATIONS

Mr. Baskin presented

No. 85. An Ordinance granting time off to all employees of the City of Pittsburgh for holidays with pay and

repealing Ordinance No. 629, approved December 30, 1949, as amended.

Mr. Baskin:

Mr. President and Members of Council:

I would like to make a statement with respect to the ordinance granting 13 paid holidays to employees of the City of Pittsburgh.

As Council will recall, in our budget hearings in 1962, when it was brought out that there was inequality of vacation time, that some of our City employees had 13 days and some had 9 days, Council had decided at the same time that it would be a good policy if all employees received equal vacation time.

To make it administratively feasible so the department heads could plan for it over a period of time, Council had decided to grant them eleven holidays during 1963, and starting with 1964 they would receive thirteen holidays.

I just want to bring it out for the record that this ordinance is the last step in the plan that Council and the Administration had to extend thirteen paid holidays to all City employees.

The Chair:

Thank you, Councilman Baskin. Then in the 1964 budget everybody is entitled to thirteen paid holidays?

Mr. Baskin:

Yes, Mr. President.

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, F. S. Poorman, Director of the Department of Public Works, in letters addressed to the Mayor and City Controller under date of January 3, 1964, stated that an emergency has arisen in the Department of Public Works, Bureau of Bridges, Highways and Sewers, making it necessary for the payment of additional compensation for employees of the Bureau of Bridges, Highways and Sewers for the performance of emergency over-

time service for the benefit of the City of Pittsburgh in the salting of streets, removal of snow from highways, and work in areas of multiple alarm fires, thus depleting the Code Account from which payment for these services would ordinarily be made; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring payment of the sum of \$6,400.00 from Code Account No. 1507, Liquid Fuel Tax Program, for the purposes herein provided.

MOTIONS AND RESOLUTIONS

Mr. Fagan presented

No. 104 Whereas, Pursuant to Ordinance No. 255, approved July 13, 1955, and in the manner prescribed by the Urban Redevelopment Law, Act of May 24, 1945, P. L. 991, as amended, the Redevelopment Proposal for Redevelopment Area No. 3 in the Second and Third Wards of the City of Pittsburgh was approved; and

Whereas, The Urban Redevelopment Authority of Pittsburgh has submitted by letter dated January 17, 1964, a form of Contract for Disposition by Lease of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and Chatham Motor Hotel, Inc., in connection with Parcel "B" in the Second and Third Wards of the City of Pittsburgh in Redevelopment Area No. 3; and

Whereas, The Council of the City of Pittsburgh believes that the proposed contract is in the best interests of the City of Pittsburgh and desires to give its approval in accordance with the provisions of the Urban Redevelopment Law.

Now, Therefore, Be It

Resolved, That the form of Contract for Disposition by Lease of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and Chatham Motor Hotel, Inc., submitted to this Council by the

Urban Redevelopment Authority of Pittsburgh by letter dated January 17, 1964, in connection with Parcel "B" in the Second and Third Wards of the City of Pittsburgh, be and the same is hereby approved, it being in substantial conformity with the Redevelopment Proposal for Redevelopment Area No. 3 in the Second and Third Wards of the City of Pittsburgh.

Mr. Baskin:

Mr. President: There is another matter I would like to bring to the attention of Council, very briefly, that has to do with the developments on the Occupation Tax.

As Council knows from the reports of the papers, the Pennsylvania Supreme Court declared that it would be illegal for us to have any exemption based on earnings. It had been the intention of Council to exempt from the Occupation Tax all those earning less than \$1500 a year. Apparently, this will be impossible for us to do.

Now, there are two matters which have come up. One has to do with imposing the Occupation Tax on certain transients who come into the City for perhaps one day, such as entertainers of the various theatres, civic arena, and so forth. I don't think it was the intent of Council that a person coming in and earning \$25.00 for one day in the City of Pittsburgh should pay \$10.00 in taxes.

That is one problem of the Occupation Tax we should direct our attention to. The other is to see if we can't find some way of exempting from the Occupation Tax, those persons earning small amounts of money. It may be possible to exempt them on the basis of age. For example, we have young people working as newspaper boys and we have young school students as babysitters and we have young high school and college students working during the summer and earning perhaps two or three hundred

dollars. I am sure it wasn't the intent of Council to impose an Occupation Tax on those classes.

Therefore, I think it would be proper if we requested the Treasurer of the City of Pittsburgh and the City Solicitor of the City of Pittsburgh to meet with Council at tomorrow's Committee Meeting, if at all possible, to discuss what methods we could arrive at, if possible, to avoid the two difficulties I have mentioned today.

The Chair:

Thank you, Mr. Baskin. The City Solicitor and the Treasurer of the City of Pittsburgh have been notified to be at the Committee Meeting tomorrow afternoon to discuss this matter and find out what can be done in connection with the request you have just made.

Mr. Baskin:

Mr. President: In our meeting of January 6, 1964, when you were re-elected as President of Council, you made some observations on the status and progress of the City which were quite noteworthy. They pointed out what the Administration and Council had been doing over the past fifteen years for the recovery of the economic health of this community.

Those who were here at that time thought that the address was quite noteworthy, and that it made some very salutary observations about the fact that you have to go ahead with some courage and vision when you are planning the rebirth of a city. Very happily, the editorial writers of our papers had the same opinion, because shortly after there appeared an editorial in the Pittsburgh Press which remarked very favorably upon the comments made by you in your address to the City Council and those in attendance at that time.

The editorial is as follows:

RENAISSANCE CRITICS

Recent comments by City Council President Patrick T. Fagan should be brought to the attention of those who prefer to drag their feet on redevelopment programs here. He chided the

"faint hearts" who feared that urban renewal was too risky to undertake.

Mr. Fagan, a United Mine Workers' official in the rough and tumble days of the depression, has never been accused of lacking courage. Fortunately for Pittsburgh, the civic and political leaders of this City have been equally bold in advancing the renaissance program over the opposition of those who lacked confidence.

In the past 15 years, Mr. Fagan pointed out, the City's land and building assessments have risen from \$989,794,310 to \$1,227,284,184, largely because of redevelopment work. Without this daring renaissance, it is safe to say that Pittsburgh today would be declining rapidly as a major city.

Despite this success, there are still some Pittsburghers who prefer to belittle our renewal and complain about various projects which are revitalizing the City. For such critics, Mr. Fagan has little sympathy.

"There are those," he said, "who think the best way to avoid criticism and avoid controversy is to do nothing. That is not the Pittsburgh way."

So long as the civic, financial and political leaders of his City retain their vision and confidence, Pittsburgh will continue the progress which has gained it fame throughout the world. In this connection, it should be noted that our renewal program today is making greater advances than ever before, with major projects under way in the North Side, Lower Hill, Oakland, East Liberty and other areas.

It must be a confusing day for the "faint hearts" of whom Mr. Fagan spoke.

I would like to have the permission of Council, and I so move, that this editorial which speaks so highly of the address made by our President be printed in its entirety as part of the record of today's proceedings.

Which motion prevailed.

The Chair:

Members of Council:

I would like to read the following article which appeared in the editorial section of the Pittsburgh Press yesterday:

"POPULAR TRAITS

ALWAYS NICE TO SEE THEM

By Ruth Millett

It's always fun to be with the person who—

Is genuinely enthusiastic and optimistic.

Doesn't take himself too seriously.

Listens with courteous attention and obvious interest when you are doing the talking.

Knows how to disagree without being disagreeable.

Never builds himself up by low-rating other people or their ways.

Can admit to being wrong, instead of always trying to blame someone else for his mistakes.

Does his share of the talking—but not his share and yours, too.

Sees the funny side of things, even when the joke is on him.

Can explain something to you without sounding superior, or being pompous.

Never misses an opportunity to pay you a compliment or to repeat one someone else has paid you.

If you have a few friends who measure up to these standards you're lucky, for such people are rare."

I would like to have this article made a part of today's minutes.

Perhaps one hundred years from now someone will read this.

Mr. Kamyk moved

That the Minutes of Council of Monday, January 13, 1964, be approved.

Which motion prevailed.

And upon motion of Mr. Kuhn,

Council adjourned.

The Chair:

Members of Council:

We are honored this afternoon by the presence of a police officer who is about to retire, a man who has established for himself a very enviable record in the Traffic Division of the Department of Public Safety. He is chairman of the Accident Review Board. This Board was set up by the late Paul F. Jones and has handled some very important cases in the City of Pittsburgh.

We are very unfortunate in losing Carl Basl, an outstanding officer. He is leaving not only the City of Pittsburgh and the County of Allegheny but the State of Pennsylvania. His new duties will be in the New England states, especially in the State of Massachusetts.

It is a rare occasion when someone who is about to retire comes before Council to thank the members for the things they have done, but Carl Basl felt he would like to come here. He talked to me Friday and told me he would like to come before Council and say a word of thanks and au revoir to the members of Council.

If there are no objections, I am very happy to present to you Lieutenant Carl Basl, who has given twenty-five years of service to the City of Pittsburgh and has never lost a day in those years due to illness.

Carl, will you come forward.

Lt. Basl:

Carl J. Basl, Lieutenant, Traffic Division, Bureau of Police, Pittsburgh, Pennsylvania.

Mr. President and Members of Council:

I guess this is a very unusual situation. I asked permission to come before this noble body of the City government to express my thanks for the permission given me over the past years to attend the Northwestern University Traffic Institute, the same as Superintendent Slusser and Sergeant Joseph Gudenburr,

and the opportunity to serve the citizens of my town, which I love very much.

My whole fifty years have been in this town. It means the uprooting of my life here and the beginning of a new career with the National Safety Council as Field Representative of the New England Area. This includes all the states east of the Hudson River and north of New York, including Montreal, Canada. It is a challenge that I feel I am very qualified to meet.

I hope that I can again be of service to this body. I think you have done a remarkable job in city government in providing services for the people in our community. I want to thank you for the time you have given me today. I hope our Automotive Fleet Program continues as it has in the past, reducing accident costs to the City of Pittsburgh.

My personal thanks and goodbye.

The Chair:

Thank you, Carl. It was very nice of you to come here today. We appreciate it very much.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

Mr. Kuhn:

Mr. President: Before this is done I

want to point out two things with respect to this. First of all, the Stadium Authority doesn't exist, although there was an ordinance introduced today. I don't know how persons can be appointed to an organization or corporation before it comes into existence. Secondly, I would like to note that this, like the preceding resolution, was introduced in such a way that it has been acted on in Council before being acted on in Committee, which is contrary to our procedure of first presenting bills in Council and then holding them over for one week to accommodate the public and for the purpose of discussing them, except in cases of emergency.

For these reasons, in addition to my opposition to the Stadium, I wish to vote against this resolution, though I don't doubt the qualifications of the persons appointed.

The Chair:

For the information of Mr. Kuhn and the other members of Council, I wish to say that ever since I have been in Council the procedure has been this: Whenever a resolution is sent in by the Mayor and presented by a Councilman, a motion is made on its adoption, it is seconded and the roll call is made. And at this time you are given the opportunity of expressing your views with respect to the resolution.

We appreciate your opposing it, Mr. Kuhn. If there are no other remarks from the members of Council, the Clerk will call the roll.

Mr. Kuhn:

If I may, I wish to point out that there is a difference in the way these resolutions are treated than those which are introduced and later referred to Committee. If you will note, most matters having to do with the Department of Lands and Buildings are introduced as resolutions but are referred to Committee and acted on in this manner. It is only under unusual and exceptional circumstances that resolutions are submitted for action on the same day, at least that is my experience. I presume there must be exceptional circumstances with respect to these.

The Chair:

If you desire to make a motion to refer it to Committee, the Chair will be glad to entertain that motion. Time seems to be of the essence in these resolutions before Council today. However, if you want to make a motion to refer them back to Committee, the Chair will be happy to entertain your motion.

The Chair recognizes Councilman Baskin.

Mr. Baskin:

Mr. President, as I understand it, the legislation setting up the Authority will be referred to Committee and we will consider it at the Committee meeting tomorrow. It won't be passed until next week at this time.

Am I correct? Are we adopting that today?

The Clerk:

You are adopting the resolution approving the appointment of the members of the Authority. The ordinance you have in mind was introduced and will be laid over for one week. You won't pass it until the 24th of February.

Mr. Baskin:

That is in accordance with procedure. Since I have been on Council, as far as appointing members to any board or position, whether the Sinking Fund, Parking Authority or any such body, we have never referred those appointments to Committee. We have acted on the nominations the very day they were introduced. I don't see that we are doing anything different today than we do ordinarily.

Mr. Kuhn:

I don't want to prolong this, but I must have been misunderstood. I pointed out that this resolution appoints five persons, whose qualifications I do not question, to an Authority which does not yet exist. The Authority will come into existence when Council adopts an ordinance creating it. The ordinance creating the Authority was introduced

today, as Mr. Baskin has aptly pointed out, and will not come up for action, at the very earliest, until next Monday. In my experience in Council, I have yet to see an instance in which persons have been appointed to an Authority or a post before the Authority or post comes into existence. That is all I am pointing out. That is my reason for voting against this.

The Chair:

If the resolution isn't adopted to approve these appointments, these men will not be able to serve.

Mr. Jordon:

What is the reason for appointing the men before the Authority is actually created? Is there some reason for it?

The Chair:

There is no one who should know more about this than you. Didn't we discuss this in Conference this morning?

Mr. Jordon:

Yes, but I didn't understand that the men are to be appointed before the creation of the Authority. I thought the bill was already introduced to create the Authority.

The Chair:

We are always complaining about them not giving us time to have a security investigation, and so forth. Now they are on time and we are complaining about it.

Mr. Baskin:

Mr. President, I think it is really a tempest in a teapot. If we decide not to create the Authority, the appointment of these people will have no meaning. The reason these men are being named today is so when we create the Authority we will know who the five people will be. I think it is immaterial whether you hold up the approval of the five individuals. So I don't know what all this discussion is about.

The Chair:

That is absolutely correct.

And the question recurring on the adoption of the resolution, the ayes and noes were taken, and being taken were:

Ayes:—

Mr. Baskin	Mr. Jordon
Mr. Counahan	Mr. Kamyk
Mrs. D'Ascenzo	Mr. Fagan
Mr. Gallagher	(Pres't)

Noes: Mr. Kuhn.

(Mr. Leslie not voting.)

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Baskin moved

That the Minutes of Council of Monday, February 3, 1964, be approved.

Which motion prevailed.

And upon motion of Mr. Counahan,

Council adjourned.

CERTIFICATE OF EMERGENCY**

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same;

Whereas, F. S. Poorman, Director of the Department of Public Works, in letters dated February 4, 1964 addressed to the Mayor and City Controller stated that during the week beginning January 12, 1964 a heavy snow storm descended upon the City depositing from fifteen to twenty inches of snow on the streets and highways thereby interrupting normal business activities and requiring emergency measures to permit the earliest resumption of normal activities, and to meet this emergency personnel worked overtime and equipment for loading and removal of snow from busy traffic arteries was rented and additional heavy equipment operators were employed to relieve City employees; and

Whereas, The additional costs will be approximately \$208,270.00, requiring the transfer of this amount to the several code accounts hereinafter set forth; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Mr. Rooney is a native Pittsburgher, having been born and reared on the North Side and always took an active interest in the elevation of all types of sports for the benefit and entertainment of young and old.

Because of his many professional and civic activities, he has brought glory and fame to his native city.

Therefore,

The Mayor and the members of Council, on behalf of all the citizens of the City of Pittsburgh, extend their hearty

Mr. Leslie moved

That Bill No. 247 be recommitted to the Committee on Public Safety.

The Chair:

This bill has been pending in Council for two weeks or more. When the bill was first presented, it was laid on the table for one week. Isn't that true? Then last week in committee it was unanimously agreed to return the bill to Council with an affirmative recommendation. Isn't that true?

Mr. Counahan:

That is true, yes.

The Chair:

Now, it is the purpose of the motion offered by Mr. Leslie to recommit the bill to committee for further consideration.

Mr. Counahan:

We (the members of Council) had agreed to return it to committee in view of the protests Council received. However, if Council so wishes, it can take final action on the bill today.

Mr. Leslie:

Mr. President, I might say in making the motion that I was asked by Councilman Kuhn, Chairman of the Committee on Public Safety, to offer this motion to recommit Bill 247 to Committee. I feel there will be further discussion on it later.

The Chair:

I concur in the statement of Mr. Leslie, for Councilman Kuhn talked to me about it last Friday and suggested that the bill be returned to Committee so that a hearing may be arranged for all parties to be heard. However, you must realize that the bill was in committee a week ago and ordered returned to Council with an affirmative recommendation.

Mr. Leslie:

I realize that.

The Chair:

The ordinance is more or less outmoded. The original ordinance was en-

acted eighty-four years ago. The only substantial change in the bill is the amount of fine to be imposed on violators. It gives the Police Magistrate the option to impose a fine of \$5.00 to \$100.00 depending on the circumstances of the case. I have discussed the provisions of this ordinance with members of the City Law Department, and they advise me that this ordinance is more reasonable and more understandable and offers more protection to all the citizens of the City of Pittsburgh than the ordinance adopted in 1880.

Are there any further questions? If not, the question is on the motion to return the bill to committee.

And the question recurring on the motion of Mr. Leslie, that Bill No. 247 be returned to Committee, the motion prevailed.

Mr. Kamyk presented

No. 315. Report of the Committee on Lands, Buildings and Housing for March 10, 1964, transmitting sundry resolutions to Council.

Mr. Baskin	Mr. Jordon

	(Pres't)

Whereas, The residents of the Homewood-Brushton District in 1960 raised \$10,200.00 to initiate the study of their community by a planner; and

Whereas The residents through their representative organizations, such as, the Homewood Community Improvement Association, Chamber of Commerce and the Homewood-Brushton Ministerium have cooperated and assisted in the study; and

Which was read.

Mr. Jordon moved

The adoption of the resolution.

The Chair:

I might say for the information of Council that the representatives of the Ford Foundation were in the City of Pittsburgh practically all of last week. They said that more had been accomplished in the Hazelwood, Perry Hilltop and Homewood-Brushton districts of Pittsburgh than has been accomplished in New York, Chicago, Boston or anywhere in the United States with reference to redevelopment projects.

I don't know how many of you read the article, but there was at least a column and a half devoted to the activities going on in the City of Pittsburgh in these three communities. Apparently the leaders of the civic organizations and public-spirited citizens in those communities are really doing an outstanding job.

And the question recurring on the adoption of the resolution, the motion prevailed.

The Chair presented

No. 319.

Whereas, The Central Council of Polish Organizations of Pittsburgh will observe Nationally the Centennial of the United States Civil War; and

Resolved, That the Central Council of Polish Organizations of Pittsburgh be and it is hereby given permission, at its own cost, to place such a commemorative plaque on the southern side of the entrance of the City-County Building.

Mr. Kamyk moved

The adoption of the resolution.

The Chair:

I might say for the information of

Council that this matter has been cleared with the County Commissioners, the Art Commission, the Department of Lands and Buildings and the Mayor of the City of Pittsburgh.

The committee that represented the Central Council of Polish Organizations that are going to erect this plaque to the memory of the soldiers of Polish descent who fought in the Civil War, Joseph Borkowski and Anthony Studnicki, two men who are vitally interested in Polish affairs, presented this resolution to us and made the request. They said it has the imprimatur of a man by the name of Walter Kamyk.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Jordon presented

MOTIONS AND RESOLUTIONS

Mr. Jordon presented

No. 379.

Whereas, Pursuant to Ordinance No. 147, approved May 5, 1960, and in the manner prescribed by the Urban Redevelopment Law, Act of May 24, 1945, P.L. 991, as amended, the Redevelopment Proposal for Redevelopment Area No. 11 in the Twenty-first and Twenty-seventh Wards of the City of Pittsburgh was approved; and

Whereas, The Urban Redevelopment Authority of Pittsburgh has submitted, by letter dated March 26, 1964, a form of Contract for Disposition by Sale of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and Pittsburgh Annealing Box Company, in connection with Parcels 2 and 3b in the Twenty-first Ward of the City of Pittsburgh in Redevelopment Area No. 11; and

Whereas, The Council of the City of Pittsburgh believes that the proposed Contract is in the best interests of the City of Pittsburgh and desires to give its approval in accordance with the provisions of the Urban Redevelopment Law.

Now, Therefore, Be It

Resolved, That the form of Contract for Disposition by Sale of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and Pittsburgh Annealing Box Company, submitted to this Council by the Urban Redevelopment Authority of Pittsburgh by letter dated March 26, 1964, in connection with Parcels 2 and 3b in the Twenty-first Ward of the City of Pittsburgh, be and the same is hereby

approved, it being in substantial conformity with the Redevelopment Proposal for Redevelopment Area No. 11 in the Twenty-first and Twenty-seventh Wards of the City of Pittsburgh.

Which was read.

Mr. Jordon moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 380.

Whereas, Under a provision of the Last Will and Testament of James K. Hallman, deceased, dated May 21, 1860, there was bequeathed to the City of Pittsburgh the sum of \$10,000.00 to be invested and the interest therefrom to be used for the purchase of bread and potatoes for distribution to the poor during the winter season; and,

Whereas, This trust fund has been augmented by the accumulation of interest and the recent addition of the sum of \$2,000.00 upon the occurrence of a contingency prescribed in the Last Will and Testament of James K. Hallman; and,

Whereas, Under the terms of the trust the yield of annual interest remains insufficient to effectuate the donor's purposes; and,

Whereas, The City of Pittsburgh no longer engages in direct provision for the indigent; now, therefore, be it

Resolved, That the proper officers of the Hallman Fund Commission, represented by the City Solicitor, are hereby authorized and directed to apply to the Orphans' Court of Allegheny County for a Decree:

(1) Removing the City of Pittsburgh as Trustee for the aforesaid trust fund;

(2) Appointing a new Trustee, preferably the Allegheny County Institution District if that agency is empowered and is willing to assume such function, or such private charitable agency serving the indigent as the Orphans' Court may select; and,

(3) Authorizing the expenditure of the principal as well as interest for the purposes of the trust.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

The Chair:

Members of Council:

This is the 104th year since this trust fund was set up. Apparently, this money was in a bank in the City of Pittsburgh but was never located until the administration of Charles Kline. At that time City Solicitor Charles A. Walderschmidt discovered that this grant had been made, but apparently the key to the safety deposit box had been lost. Finally, they got a key for it and the grant was reserved.

I happen to be a member of the James K. Hallman Fund Commission by virtue of being President of Council. The Commission was re-activated on March 9, 1964. The Commission took formal action by authorizing the City Solicitor to apply to the Orphans Court of Allegheny County for a decree removing the City of Pittsburgh as trustee of the Fund because the City no longer has a Department of Public Welfare. It was recommended by the Commission that the new trustee of the Fund should be the Allegheny County Institution District, if that agency is empowered and willing to assume the responsibility; or any other charitable agency serving the indigent as the Orphans Court may select.

Mr. Jordon:

Mr. President, no funds have been dispensed from that trust as yet?

The Chair:

That's right. The interest has accumulated to the sum of over \$2,000. The City Solicitor, if this resolution is passed, will go before the Orphans Court to see if it can't be disposed of.

And the question recurring on the adoption of the resolution, the motion prevailed.

The Chair also presented

No. 381.

It is with great joy that the people of the City of Pittsburgh learned of the success of the Pittsburgh Hornets of the American Hockey League in winning the Western Championship, and now face the Quebec Aces, the Eastern titlists for the Championship of the League.

This achievement of the Pittsburgh Hornets has brought fame and recognition to the City of Pittsburgh.

Therefore, the members of Council and the Mayor of the City of Pittsburgh extend their congratulations and sincere good wishes to the Management, the coaches and the players of the Pittsburgh Hornets for winning the Western Championship of the American Hockey League. It is also our earnest hope that the Hornets will be successful against the Quebec Aces and bring the League Championship to Pittsburgh.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

The Chair:

Members of Council, here is a team that for the last two seasons finished in last place. The citizens of Pittsburgh have supported the team in those lean years; and there is no doubt that the people of Pittsburgh are gratified that this year the team has come out on top in its division. For a while the situation looked dismal, but then last night the team came through with a victory which resulted in it winning the Championship of the Western Division of the American Hockey League.

We can all be proud of the hockey team. We hope the Pittsburgh Hornets win the championship of the League and that it becomes the greatest hockey team in the United States and Canada.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Counahan moved

That Mrs. D'Ascenzo be excused for absence from this Council meeting.

Which motion prevailed.

Mr. Leslie moved

That the Minutes of Council of Monday, March 23, 1964, be approved.

Which motion prevailed.

And on motion of Mr. Baskin,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Jordon:

Mr. President:

I know that we are pleased with the announcement by the Allis-Chalmers Company of its decision to undertake a multi-million dollar expansion and modernization program for its Pittsburgh works.

In addition to the very important 1700 jobs involved in this decision, I know that we as City officials wish to extend our congratulations to the company for this vote of confidence in Pittsburgh's future. We also take note of the increasing number of companies entering into expansion programs in our city. We, on behalf of the citizens of Pittsburgh, stand prepared to implement the City's part of the announced agreement.

Therefore, Mr. President, I move that the news release announcing the agreement and the decision of the Allis-Chalmers Company to expand its Pittsburgh works be made a part of today's meeting.

THE PRESS RELEASE IS AS FOLLOWS:

Allis-Chalmers today announced a multi-million dollar expansion and modernization of its Pittsburgh Works in the Manchester section of the North Side.

R. E. Persohn, general manager of the plant, said the company decision, approved by company officers in Milwaukee, was made possible by a many-pronged community effort and two basic agreements:

An extension of the company's agreement with Local 1036 of the United Auto Workers, AFL-CIO, continuing present wage rates and benefits for two years from the present contract expiration date of November 1, 1964.

Agreement by Mayor Joseph M. Barr and City Council to expand the North Side urban renewal program to provide approximately 11 acres of cleared land on a 40-year lease from the Urban Redevelopment Authority, with five 10-year renewal options.

The Allis-Chalmers Pittsburgh works employs 1700 hourly and salaried workers altogether. It is the third largest manufacturing employer within the City and produces power, distribution and instrument transformers.

The labor contract extension was announced jointly by Thomas A. Leyland, Local 1036 president, and Dominic Dorretto, UAW International representative, and A. F. Anke, manager, employee and community relations for Allis-Chalmers.

The Union represents nearly 1200 production and maintenance workers.

The agreement was ratified by a vote of the membership this morning.

Mr. Persohn said:

"The decision to expand in Pittsburgh would not have been possible without the constructive attitude of the union representatives, the cooperative spirit of the employees, and the extensive help we have received from the Mayor, City Council, and staff representatives of the URA and Regional Industrial Development Corporation.

"We now are in a position to speed our modernization plans along so that we can begin actual construction work by mid-summer."

The labor agreement, while freezing wages at current levels, does provide for cost-of-living increases between now and next November 1.

Mr. Persohn said that the average hourly earned rate for Pittsburgh Works employees is \$3.08.

It also stipulates that changes in pension or supplementary unemployment benefits which may be agreed to by the company and UAW unions at other Allis-Chalmers plants during negotiations next fall will apply to Pittsburgh employees represented by Local 1036.

The company-union talks regarding the extension of the contract began shortly after the first of the year. At the same time, the company was discussing its land requirement needs with the Mayor's Office, City Council, the Urban Redevelopment Authority and RIDC.

"Carrying out the first step in this program will mean an initial investment of approximately \$2-million," Mr. Persohn explained. "We need to make these improvements so that this plant can operate on a more competitive basis.

"We advised the union that before the company could make this investment it would be necessary to acquire the additional land and to stabilize labor costs."

Mr. Leyland and Mr. Dornetto explained the union decision:

"The union bargaining committee agreed to the extension and recommend membership acceptance because we believe that it is necessary to the continued operations of the plant and the jobs it provides.

"Otherwise, it was apparent that the company would not go ahead with its modernization program here, and the plant would eventually close down.

"We believe that by agreeing to this extension we have preserved jobs and payrolls for employees and helped to form the company decision to remain in Pittsburgh. This comes at a time when others have either gone out of business, or moved away completely from the Pittsburgh area."

The overall agreement was hailed by Mayor Barr as "an outstanding example of management, labor and governmental cooperation in preserving more than \$10-million in payrolls in the Pittsburgh area and safeguarding the livelihood of hundreds of area families."

"We have been on top of this situation from the day we had the first inkling that Allis-Chalmers was rapidly arriving at a point where, because of its aging facilities, it had to decide whether to expand here or consolidate its operations elsewhere," Mayor Barr said.

"From that moment on, the members of City Council, the Urban Redevelopment Authority and representatives from Regional Industrial Development Corporation have had frequent discussions here and in Milwaukee on the company's land requirements.

"Basically, we have committed land in our present Chateau Street urban renewal project area for Allis-Chalmers' use. We also have instructed the Authority to begin the process of acquiring additional acreage, with full assurance that the City would bear its share of the redevelopment costs," Mayor Barr said.

In anticipation of a favorable conclusion of the dual negotiations, Mr. Persohn explained, the company has been preparing plans for the first stage of its modernization program. Production will be maintained throughout the renovation period.

The company's present North Side facilities consist of five buildings located between the Ohio River and Metropolitan Street.

The first stage modernization will involve the River and Manchester plant buildings located at the corner of Preble Avenue and Juniata Street.

The company plans to build over Juniata Street between the two plants so that the two buildings become one, with a common floor level, and thus introducing a smooth flow of production.

The firm also will reconstruct portions of the River and Manchester buildings as part of the first stage.

Allis-Chalmers payrolls, purchases and contributions to employee benefits, local taxes and donations in the Pittsburgh area amount to more than \$26-million a year.

Purchases include a considerable amount of steel manufactured in this area essential in the production of transformers.

Allis-Chalmers has been in operation here since 1927 when it purchased the Pittsburgh Transformer Company which had been in existence here since 1906.

Mr. Kuhn:

Mr. President:

I would like to second as well the motion that Mr. Jordon has put, and also in doing that to note for the record the substantial contribution that has been made here by the staff of the Urban Redevelopment Authority, headed by Mr. Robert B. Pease who worked around the clock, on weekends, in the preparation of this plan; also Mr. John Mauro of the Mayor's office.

This work was difficult and substantial and very intricate. In the terms of this program, calling as they do for City assistance and participation in the work of the Redevelopment Authority, this couldn't have been brought to completion and to a satisfactory one; that is, to the benefit of the citizens, without their highly skilled work.

Then, also, I think it should be called to the attention of the public generally that the contribution made here is also that of the collective bargaining representatives of the employees at Allis-Chalmers who worked long, hard and have given very serious consideration and work to a very difficult and intricate program that calls for the cooperation of all involved.

I think that the recognition that has been accorded to all of these people by the news release being made part of the record here is appropriate. But I wanted to make special mention of the fact that the Redevelopment Authority and the City employees who worked on this deserve credit, as well as the collective bargaining representatives of the employees at Allis-Chalmers.

Mr. Baskin:

Mr. President:

In seconding the motion, I would like to point out what I think Mr. Jordon and Mr. Kuhn have said indirectly; that is, that the Allis-Chalmers' agreement is a fine example of the cooperation

that has marked this City's renaissance program for the past fifteen years. We have involved here, as Mr. Jordon and Mr. Kuhn have pointed out, private enterprise. We have had unions participating in this cooperative endeavor. We have had government agencies and we have had civic agencies behind the scene working with all of these people to promote the progress of the City of Pittsburgh.

I think the key to the success we have had here, and brought out many times, has been the ability of the City to marshal behind this program the resources of all the citizens of the City, including business, unions, civic groups and the government. I think the goal which Pittsburgh has set for all cities has been this cooperation which it has succeeded in achieving here in the City.

In line with what has been said, I would ask to add to the motion of Mr. Jordon the remarks of the Mayor to the Downtown Rotary Club of April 1, 1964, in which the Mayor outlined the steps which will be taken in the City of Pittsburgh in the next four or five years in the Renaissance Program. This is a remarkable report on the progress that is being made and will be made in the next five years. The Mayor has pointed out that the next four or five years can bring close to half a billion dollars in new construction, which has been brought about largely as a result of our redevelopment program which has energized all of the resources of the City.

I think in line with the Allis-Chalmers announcement that we ought to also direct our attention to this report on the Mayor because they go together, and the Allis-Chalmers program is just another example of what the Mayor has attempted to point up in this speech to the Rotary Club.

If there are no objections, I would like to add to the motion in that respect.

The Chair:

Members of Council:

The City administration, the Allis-Chalmers' representatives and the United

Auto Workers labored for quite a while to bring about a solution to the problem that confronted both management and labor in the City of Pittsburgh.

Just a few weeks ago the President of the United States, Lyndon B. Johnson, gave us a slogan that probably had a lot to do in bringing about the consummation of this understanding with the Allis-Chambers Company, the United Auto Workers the Blawnox Company and the United Steelworkers of America. The President said "Let us reason together." And that is how this agreement was worked out.

We had a lot of discussion, a lot of arguments, and sometimes things looked kind of blue for reaching an agreement with the management, both on the North Side and at Blawnox. As a result, we got together and reasoned together and we have maintained these two important companies in the City of Pittsburgh and the County of Allegheny and preserved the jobs of these people. I believe a great understanding now exists between the management and labor of these companies. It is good public relations, good labor relations and good human relations. I think everybody is happy. Both sides gave some. As a result, we have a situation in which there is plenty of glory for everybody who had anything to do with the working out of these understandings.

And the question recurring on the motion of Mr. Jordon, that the release be made a part of today's Council record, the motion prevailed.

**Remarks by Mayor Joseph M. Barr
Downtown Rotary Club
Wednesday, April 1, 1964**

I am grateful to the members of the Downtown Rotary Club for the return engagement.

My last appearance before your organization was during the municipal election when I was seeking your support for reelection.

Today, if you will, I'd like to take a few minutes to give you a progress report on some of the most exciting and most rewarding years of my long service in government—the period we're living in.

It is now clear that Pittsburgh is moving full steam ahead into its biggest construction boom of the twentieth century.

All reports indicate that construction operations, now definitely programmed within the city for 1964 through 1966, are certain to dwarf the records of the 1920's and early 1950's.

Overall, during the next 36 months, we are anticipating between \$425 and \$450-million worth of new public and private investment—and this estimate may be conservative.

Unlike the formative days of Pittsburgh's postwar Renaissance, when most of the activity was concentrated in the Downtown, the new wave of growth is spreading over many parts of the city.

It is more diversified. It involves industrial plant expansions, housing for all income levels, new office buildings, new shops and stores, schools, recreation, highway and parking facilities.

It is more firmly grounded, striking at the root of fundamental issues in modern-day urban life—a broader range of jobs, improved living accommodations and healthier neighborhoods, greater cultural and educational opportunities.

We are now in the midst of Round Two of the Pittsburgh Renaissance—a new surge of private and public capital is being invested in the cause of a progressive and changing city, better attuned to the needs of all its citizens.

As you are now well aware, the future of this city depends largely upon our ability to create land for new development.

Occasionally we need to remind ourselves of the fact that the latest major annexation of land by the City occurred in the 1920's and our city of 55 square miles stands completely hemmed in by 128 other municipalities.

With our open land supply virtually exhausted, we had to manufacture land by rebuilding from within. And we have been at it day-in and day-out for 14 years, with spectacular success and a reputation world-wide as a front-runner in the urban renewal field.

The basic responsibility for this awesome task has been vested in the Urban Redevelopment Authority, created by the Mayor and City Council in the late 1940's.

By the start of this year, the URA had undertaken 15 urban renewal projects encompassing more than 900 acres of blighted or declining neighborhood areas. Four were started in 1963, a new record for one year.

Four of these areas have been completed, which means that all of the contemplated construction is now done.

Eleven of the projects are now in various stages of execution.

Of the 622 acres which have been cleared or are about to be cleared, 500 acres have been sold or are firmly committed for new development. Nearly 85 percent of this acreage is earmarked for private investment.

At least \$100-million in new construction is definitely scheduled within renewal areas in 1964 and 1965. This is on top of the \$240-million which already has been invested in existing project areas.

Based on a report being made public by the Redevelopment Authority, here is a capsule summary of what is in store in the near future:

Gateway Center

The IBM building was officially dedicated two weeks ago. Initial occupancy of the Gateway Towers apartment is scheduled this spring. With the completion of this ninth structure, Gateway Center will represent a private investment of \$118-million. The area is the employment center for 20,000 persons, compared with less than 4,000 in 1949. Taxable assessments today are \$34-million higher than in 1949.

Lower Hill

Ground will be broken this month on the new \$25-million Chatham Motor Hotel, which of itself, will create employment for 1100 persons. By May, the 396-unit Washington Plaza apartments will be ready for occupancy at a cost of approximately \$8-million.

Sale of at least two more Lower Hill sites is expected to be concluded soon—one for a commercial addition to the Bigelow Apartments and the other for the Bell Telephone Company Computer Center.

Also in the Lower Hill, a decision will be made this year on the development of a new cultural complex, including a new symphony hall, to be located above the Civic Arena.

Ramps connecting the Crosstown Boulevard will be opened in the spring or early summer.

Chateau-Street-West on the North Side

Nearly 90 per cent of the land has been sold or committed for the expansion of industrial and commercial enterprises. Construction was begun in March on the sixth new building to be started in less than a year. Two others, to be occupied by International Harvester Company and Mack Trucks, Inc., will be in construction by mid-summer.

The new Beaver Avenue is opened and final plans are in preparation for the construction of the Ohio River Boulevard portion of the Lower Belt Expressway system through the North Side.

Other details of the Chateau Street industrial development project will be announced in the weeks to come.

East Liberty

Ground will be broken in the middle of this month on the 296-unit Pennley Park Apartments which will cost in the neighborhood of \$4.3 million.

By summer, work will be underway on the first of two-community parks, also to be built in the Penn and Negley Avenue area. New streets are scheduled to be installed, along with two new off-street parking facilities by the end of this year.

Construction is underway on two commercial buildings and two more are ready to be started within a month.

Within two weeks, we expect to announce two additional developments of major significance to the East Liberty business community.

Of the 21 acres cleared in East Liberty, only 2.5 acres remain to be sold or committed.

Allegheny Center

Construction is expected to begin in June for the \$60-million Allegheny Center development on the North Side. The first stage to start will be the 2300-car parking garage which will be situated underneath a new 13-acre shopping plaza. Approximately 1500 new dwellings are envisioned in this area; some may be started this year. The residential program will be in full force in 1965.

Meanwhile, this summer, the Authority will begin work on street and utility improvements. Early in 1965, Equitable Gas Company will build its new heating and air-conditioning plant to service the entire 71-acre development.

All of the Allegheny Center land is committed to developers.

Bluff Street

Duquesne University will break ground this summer on its new \$2.5-million University Center building. It will begin construction of a \$6-million Science Center in 1965, if not sooner.

Most of the 26-acre Bluff Street clearance area is earmarked for Duquesne's expansion of campus facilities. A 2.1-acre site is proposed for private residential development, now under serious consideration by several developers.

Allegheny General Hospital

Allegheny General Hospital expects to break ground for a new professional office building on the North Side this summer. Ultimately, this 8-acre area will accommodate nurses' dormitories, staff residences and off-street parking facilities. Demolition will begin this fall.

Sheraden Park

The Authority, in cooperation with ACTION-Housing, is developing a 43-acre tract in the Sheraden or West End section of the City. Approximately 188 middle-income town houses will be built on 12 acres and the rest of the area will

be converted to a city-maintained park. Construction is slated this fall.

Stadium

Acquisition of 84 acres of the Lower North Side will begin in May or June of this year. First operations will involve relocation of rail and scrap yards. The site is to be ready for construction of a new 55,000 seat Stadium early in 1965.

Morgan-Centre Area

The University of Pittsburgh has begun construction of a \$2.2 million recreation area in its upper campus on blighted land acquired by the Authority. Meanwhile, the City is reconstructing new access roads through the area at a cost of \$600,000, providing better connections between Oakland and the Upper Hill.

In a few minutes, I have tried to recap years of diligent and pain-staking effort which has finally culminated in new construction in 10 of the 11 active urban renewal areas within the City of Pittsburgh.

The eleventh project, an expansion of the current East-Liberty program is in the preliminary stage of property acquisition.

Meanwhile, there are numerous other construction activities, recently begun or about to be started, which have an important bearing on this city's future.

The Pittsburgh Housing Authority is engaged in a \$14-million construction program. It is building 671 new rental dwellings this year and will complete 449 more dwellings next year to house nearly 3,000 persons with modest individual or family incomes.

The Pittsburgh Parking Authority has launched the biggest single-year construction effort in its history. It is proposing to start off-street parking facilities for 1800 cars in various sections of the City.

The University of Pittsburgh, over the next 14 months, will begin construction on \$53-million worth of new educational facilities in the Oakland area. Many millions more will be spent by the huge

hospital complex in Oakland over the next 36 months.

The Pittsburgh Board of Education only a few days ago announced a \$40-million program to replace, expand, and add new schools over the next several years.

The State Highway Department is preparing to award the initial contracts next year on the long-awaited \$100-million North Side Expressway System. The State will spend many millions more on other key road improvements serving the City and its environs.

This week the State Department of Forests and Waters received bids for \$2-million of additional improvements on Point State Park at the tip of the Golden Triangle.

The City is engaged in an extensive capital investment program which also entails road improvements, new recreational facilities, replacement of police and fire stations, additions of libraries. Next year the program will include the construction of new water filtration plant.

There isn't a day when one of the City agencies, and particularly the Planning Commission, isn't working with private developers on projects that are in the offing. The recently started Stanwix garage-apartment is one current example.

Today, the American Institute for Research broke ground for a new \$2-million research center in Oakland. The Graphic Arts Industry's new building in Oakland will be started within several weeks.

All of this activity, as I indicated earlier, adds up to between \$425 and \$450-million worth of new construction over the next 36 months.

It clearly demonstrates that the bonds of cooperation between private enterprise and government in this city are stronger than ever before.

Although this area is beset with changing economic conditions, the program on which I have just reported reflects the commitment and confidence of the pub-

lic and private leaders of this community in the future of this great city.

In striving to build a greater and more prosperous Pittsburgh, I ask for your continuing support.

MOTIONS AND RESOLUTIONS

Mr. Kamyk:

Mr. President:

For many months now we have been reviewing the problem of finding a suitable site for the construction of a new North Side Public Safety Center.

This new center will house #43 and #46 Engine Companies of the Fire Bureau, and also the North Side Police Station.

Our Lands and Buildings Department, the City Planning Department, the Public Safety Department, and the National Board of Fire Underwriters have been involved in our studies.

Nine sites were examined and thoroughly analyzed since our public hearing on this matter last October. After careful and due consideration, these agencies strongly recommended that the City begin acquisition of a block bounded by Federal, Sampsonia, Reddour and Pernod Streets.

This site contains 70,400 square feet of land and is large enough to accommodate all of these operations and, in addition, will provide adequate off-street parking space and proper setbacks for safety of the vehicles leaving and entering the station.

The decision was made for the following reasons:

1. It must comply with the rigid requirements of the National Board of Fire Underwriters. The fire stations must be located within three-quarters of a mile from the main North Side commercial district and within one and one-half miles of the principal residential service area. The regulations of the National Board have a strong bearing on fire insurance rates charged all properties to be served by these stations.

2. The location is central from the standpoint of the Police Bureau, which has the responsibility of serving the entire North Side from this station.

3. The location is close to Allegheny General Hospital, Divine Providence Hospital, Allegheny High School, Carnegie Library, Buhl Planetarium, and other facilities which accommodate large numbers of the public and must receive high priority attention for any emergency service.

4. According to the plans of the City Planning Department, the favored location is totally consistent with our future North Side development activities and will in no way conflict with these operations. From this standpoint the City had to select a site which would serve the best long-term interests of the City by preserving a substantial investment of taxpayers funds.

For these reasons, as chairman of the Committee on Lands and Buildings I recommend that Council instruct the Department of Lands and Buildings to begin preparations for acquiring the structures in this area.

It is the City's intention to negotiate the purchase of each of these properties. We will use the City's condemnation powers only when negotiations fail. In these cases the property owners will be fully protected by the right of appeal on price to the Board of Viewers and later, if necessary, to Common Pleas Court.

We have secured the cooperation of the Pittsburgh Housing Authority to assist any families who may wish to relocate to either private dwellings available on the private market or to the low-rent housing communities of the Housing Authority if their incomes qualify.

The property negotiations should begin immediately, but it will not be necessary for the properties to be vacated until the spring of 1965. No demolition will occur until that date. The reason we are able to provide this extension in time is that we anticipate that it will require from nine months to a year to complete the design of the new building before construction bids can be taken and contracts awarded.

In summary let me emphasize that this decision was not easy to reach but, in our judgment, had to be made in order to safeguard the interests of the majority of the people who live and work on the North Side.

Mr. Kuhn:

Mr. President:

I move that the Department of Lands and Buildings and the Department of Law prepare appropriate legislation for the acquisition of property for the erection of this public facility on the North Side.

In making this motion, I want to say that I think Mr. Kamyk's statement is a very thoughtful and complete one. It covers all the difficult considerations involved here and all of those that relate to the Department of Public Safety. It has received a great deal of very careful consideration in this Council, as I know it has in the department itself.

It is inevitable that in a program in building a new facility of this kind we are going to cause some inconvenience in the community where it is done, specifically the properties to be taken. But I think in doing this we can only be certain that we go forward, taking into consideration all of the concern of all of the people of the City, in seeing to it, as we will here, that fair practices are followed in negotiating, and that the legal steps that give the property owners the right to go to the Board of Viewers and courts, if necessary, are followed.

Which motion prevailed.

Mr. Jordon presented

No. 435.

The Chair presented

No. 437.

It is with deep regret that the death of Robert E. Williams, affectionately known as "Pappy" by his many friends in and out of public life, on Tuesday, April 7, 1964, is recorded and made a part of the minutes of today's Council meeting.

Mr. Williams served in various appointive public positions prior to being appointed a Police Magistrate, in which capacity he served with distinction. He also was elected Alderman and Democratic Chairman of the Fifth Ward, where he was born and reared.

His ability as an administrator in the field of public service was second only to his conscientious and understanding approach to the problems of the people with whom he worked and those he served.

Pittsburgh is proud of such a son, a worthy representative of its finest citizenship.

He was a kind and loving husband, and a devoted father.

Mr. Williams' death, at the age of 58, bereaves those of us who were closely associated with him in public life and as friends.

Therefore, the Mayor and the members of Council of the City of Pittsburgh express their deep sorrow at his passing, and express their sincere condolences to his family.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Jordon:

Mr. President, I think the resolution represents the sentiments of all of us. I second the motion made by Mr. Gallagher.

And the question recurring on the motion of Mr. Gallagher, that the resolution be adopted, the motion prevailed by a rising vote and a moment of silent prayer.

Mr. Baskin:

Mr. President and Members of Council:

I would like to say that I have been informed that Mr. Jordon has received word that he passed the Bar examination. It is a notable event and I would like to have Council go on record as extending our congratulations and best wishes to Jim in his new career ahead of him. I hope it is as productive in the future as his career has been in the past.

The Chair:

When did the happy event take place?

Mr. Jordon:

I received word Saturday afternoon.

The Chair:

You have our congratulations, Jimmie. We now have three lawyers in Council. It is quite an accomplishment to become a member of the Bar Association and be able to go into court. We are all delighted with your success.

Mr. Counahan:

I hope he continues the way he has in the past and doesn't change. I think he did a very nice job. I am not stating that the change may hurt him, but I think the way he was, was all right.

Mr. Jordon:

I want to say that I appreciate this. I am sure this hasn't occurred in the history of Council, where Council has congratulated someone for passing the Bar examination. Unfortunately, I have been involved in a number of things and

wasn't able to devote as much time to it as I would have liked. I think the fact that I worked in the Law Department of Koppers Company for the past year and a half has certainly helped.

I really appreciate the concern shown me. I think each and every member of Council has asked me periodically, "Have you heard anything?" They were sweating it out with me.

I appreciate your concern and congratulations. Thank you very much.

Mr. Leslie moved

That the Minutes of Council of Monday, April 6, 1964, be approved.

Which motion prevailed.

And on motion of Mr. Counahan,
Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 492.

Whereas, the settlement of the railroad work rules dispute ends the threat of a nationwide strike of railroad employees which would have brought this nation's economy to a standstill; and

Whereas, the firm, last-ditch intervention of President Lyndon B. Johnson was the key to resolving the five-year impasse in the efforts of railroad management and the railroad unions to reach agreement on the application of modern technology to railroad working conditions; and,

Whereas, President Johnson's patient work, along with that of the mediators, kept the management and union negotiators in continuing communication and facilitated the give and take which made possible the final settlement; and,

Whereas, Roy E. Davidson, grand chief of the Brotherhood of Locomotive Engineers and J. E. Wolfe, chairman of the National Railway Labor Council, while guarding the vital interests of their constituents, found the common ground which averted a disastrous railroad work stoppage; and,

Whereas, the resolution of this dispute proves the efficiency of President Johnson's faith in the ancient biblical admonition, "Come now, and let us reason together," Now,

Therefore, Be It Resolved, that The Mayor and the Members of Council of the City of Pittsburgh, do hereby highly commend the efforts of President Johnson, the negotiators and the mediators which led to settlement of the long-standing railroad work rules dispute in full recognition of the paramount national interest in uninterrupted production and transportation here in Pittsburgh and throughout these United States.

Which was read.

Which motion prevailed.

Mr. Leslie moved

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller has stated that during the month of March, 1964, excessive icy conditions and the flood covering the low lying streets of the City of Pittsburgh created an emergency making it necessary to work the Bureau of Bridges, Highways and Sewers laborers overtime to man pumps, flush streets, remove flood debris and cinder and salt icy streets; and

Whereas, The payment of additional compensation to employees of the Bureau of Bridges, Highways and Sewers who had performed these emergency services for the benefit of the City of Pittsburgh caused a deficit in Code Account No. 1650, Wages, Temporary Employees, Department of Public Works, Bureau of Bridges, Highways and Sewers and to meet said deficit it is necessary to transfer the sum of \$6,500.00 to this account; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. MOTIONS AND RESOLUTIONS

Mr. Counahan presented

No. 634.

On May 27, 1964, David Glavin, aged 62, of 4473 High Ridge Street, North Side, died, and his demise has brought sadness to all with whom he was associated, and his loss is keenly felt by members of Organized Labor in Pittsburgh and Allegheny County.

Mr. Glavin was President of Local 29, Building Service Employees Union, for 25 years, and had anticipated retiring from this position a few days after his death.

Mr. Glavin devoted much of his time in promoting the advancement of Organized Labor, and Organized Labor has lost a faithful and loyal officer and member.

Therefore, the Mayor and the Members of Council of the City of Pittsburgh join his many friends in Organized Labor in mourning his passing and express to members of his family their sincere condolences.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

The Chair presented

No. 635.

The untimely and sudden death of C. Ronal Woods, Deputy Director of the Department of City Planning, at the age of 59 on Tuesday, May 26, 1964, has brought sadness to all with whom he was associated, and his loss is keenly felt by all of us.

Mr. Woods was with the Department of City Planning since 1929, with the exception of five-years, starting in 1945, when he was employed by the County Planning Commission.

He served as Planning Director of the City of Pittsburgh during the formative years when the enormous building program was just commencing and consistently worked toward the improvement and redevelopment of the City.

He devoted much of his time during the past years to the development of an adequate highway system for the Pittsburgh area, and served in a key position in the coordination of highway and mass transit planning.

The City of Pittsburgh and particularly the City Planning Commission have lost a faithful and loyal employee, one who dedicated himself to public service.

Mr. Woods was a loving husband and a devoted father.

Therefore, the Mayor and the Members of Council deeply mourn his passing and express to his widow and family their sincere condolences.

Which was read.

Mr. Jordon moved

The adoption of the resolution.

Mr. Jordon:

Mr. President, I would like to make one comment as Chairman of the Committee on Planning and Redevelopment.

I enjoyed working with C. Ronal Woods. When I was first appointed to Council and this Committee, I was impressed with his willingness to expand the Department of City Planning in the interest of the City of Pittsburgh. In the expansion of that department, he knew that he would not head the new department for which he had worked so diligently. But he felt it was in the best interest of the City of Pittsburgh.

In my opinion, Ron Woods was a true public servant.

And the question recurring on the adoption of the resolution, the motion prevailed by a rising vote and a moment of silent prayer.

The Chair presented

No. 636.

I would like to express my appreciation to the Chair and to Mr. Kuhn for permitting me to rise to move the adoption of this resolution.

It has been my pleasure to work with Mr. Fitzgerald for a number of years. He is a native Pittsburgher, one of the old Pittsburgh families. He attended Schenley High School and the University of Pittsburgh; married and has one daughter who is now working in Tanganyika, Africa.

Harry Fitzgerald worked diligently in this community, both in civic organizations and political activities. He was one of the workers and organizers for the Democratic Party in the early days when it was difficult to get a quorum, but he traveled throughout this state

working in behalf of the party in which he believed.

As was indicated in the Mayor's letter, he was an Alderman. But I think more important, he was the first Negro in the City of Pittsburgh to be elected an Alderman. He served twenty-four years in that capacity. During that time he established for himself a reputation in this city as an efficient, an honest and a fair Alderman; one to whom anyone could go and get a fair hearing and realize that justice would be served.

I think we are fortunate to have a man with this kind of reputation and with his experience to replace our late Chairman of the Fifth Ward and Magistrate Robert E. Williams. I know that Harry will serve the people well. I know that the people in the community will respect the job that he will do.

And the question recurring on the adoption of the resolution, the ayes and noes were taken and being taken were:

Ayes:—

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Jordon	Mr. Fagan
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Counahan moved

That Mr. Gallagher be excused for absence from this Council meeting.

Which motion prevailed.

Mr. Leslie moved

That the Minutes of Council of Monday, May 18, 1964, be approved.

Which motion prevailed.

And upon motion of Mr. Counahan,

Council adjourned.

That the remarks of the President of Council, Patrick T. Fagan, made at the meeting of the Perry Hilltop Action on Tuesday evening, May 21, 1964, be incorporated and made a part of today's Council record.

Which motion prevailed.

And the Remarks are as follows:

Remarks of Councilman Patrick T. Fagan
Perry Hilltop Action Council
May 21, 1964.

I am especially pleased to have this opportunity to talk with the Perry Hilltop Action Council this evening.

I am pleased to compliment you on the vital and important role that groups like yours play in the rebuilding of our city.

I have been impressed in City Council by the knowledge, commitment and community interest that neighborhood groups show in the discussion of issues that concern them.

It is in groups like yours, composed of persons from a variety of occupations, Housewives, Businessmen, Educators, Ministers, Social Workers, all united by a common bond of building a community that the City finds its strength and vitality.

You have realized that to effectively build this community, the time, energy, and imagination of the people who live and work there is a necessity—a neighborhood cannot and should not depend on "letting George do it."

You have accomplished much in the short time of your existence. Your goal is to keep a good community strong—to fight the problems of physical and spiritual decay.

The fight against decay is a hard and complex task. There are no magic solutions to these problems—no one is going to wave a wand—and the problems of the Perry Hilltop Community will disappear.

This is a continual fight to preserve and improve Housing, Transportation, and Community Facilities, Education, et cetera.

It is a battle that the Perry Hilltop Action Council cannot win alone. We all realize to effectively deal with the problems requires the cooperation of many Public and Private agencies.

City Government is eager to join with you in this battle.

But let's face some facts: There will be times when we in City Hall will not

necessarily agree with everything a group like yours proposes or wants us to do.

I think we can keep these conflicts to a minimum if we have complete understanding before any new program is initiated.

For example, if you are thinking of cleaning up some privately owned lots with the expectation that the City will eventually haul away the debris, make sure the City knows about it.

Make sure before you get started on this program that arrangements have been worked out with the appropriate City Agency so that when all your hard work is done, City trucks will be there to finish the job.

Sometimes this is easier said than done.

We may not have trucks available when you want them.

Or we may have legal difficulties doing what you want us to.

It's worth the effort—for when there is a spirit of cooperation and mutual trust these differences can generally be worked out beforehand.

It is this joint effort, then, that is the key to the success of community improvement.

A major aim of the Perry Hilltop Action Council is the improvement of City services. Well, this evening maybe I can throw a little light on the situation.

One of the best programs the City has undertaken this year is its Mercury Street Lighting program. In 1964 we will be able to convert more thoroughfares to Mercury Vapor fixtures which will increase illumination from three to five times over the present incandescent lamps.

The cost of this year's program is \$260,000. The top priority this year, as in the past, will be given to principal arteries carrying heavy volumes of traffic and also commercial districts.

In the Perry Hilltop area the following streets will be converted to Mercury Vapor lamps this year.

Marshall Avenue from Perrysville to California Avenue.

Perrysville Avenue from Burgess to Federal Street.

As soon as possible we will turn our attention to a new type of lighting for residential areas using modified types of Mercury fixtures.

Our objective is to relight the entire City over the next ten years, or sooner if possible.

It is evident that your goals and City Government goals of a better neighborhood are the same. It doesn't mean that we'll always agree on the best way to

achieve these goals. This is natural and it's healthy.

But it does mean that we are willing to work together to minimize differences, develop solutions, and keep our eye on our objective of building a better community.

Based on the record of the Perry Hill-top Action Council I am confident we will have your help, support, and guidance as we work together to preserve and build this neighborhood.

And upon motion of Mr. Counahan,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Counahan presented

No. 685.

Whereas. Pursuant to petition* of the Pennsylvania Railroad Company, a portion of Station Street located south of the Pennsylvania Railroad Company's East Liberty Station in Pittsburgh, was vacated by Pittsburgh Ordinance No. 442, approved March 4, 1904, as described in Section 1 of that ordinance; and

Whereas, In consideration of the vacation of that described portion of Station Street, The Pennsylvania Railroad Company, by a petition and agreement on file with the City Clerk at Common Council No. 1201-1/2 of 1903, agreed that, after such street vacation, The Pennsylvania Railroad Company would provide pedestrian access under the Pennsylvania Railroad Company's tracks at the East Liberty Station to Station Street north of the tracks by means of an undergrade foot tunnel and also would provide access therefrom to Penn Avenue and to the remaining portion of Station Street, opening into Penn Avenue, by a driveway; and

Whereas, Said undergrade foot tunnel (hereinafter called "West Subway") was duly constructed at the location of The Pennsylvania Railroad Company's Valuation Station 5724 + 51, and until April 1964, it provided pedestrian passage under the Pennsylvania Railroad Company's tracks as agreed; and

Whereas, The Pennsylvania Railroad Company now proposes and desires to lower the grade of its northernmost track in the vicinity of the East Liberty Station to improve freight operations of The Pennsylvania Railroad Company; and

Whereas, Because such track-lowering will require the demolition and filling of the West Subway, The Pennsylvania Railroad Company desires to substitute therefor a public easement by means of an existing pedestrian subway under its tracks at the location of The Pennsylvania Railroad Company's Valuation Station 5721 + 96 (hereinafter called "East Subway"); and

Whereas, The City of Pittsburgh is agreeable to such substitution upon the terms hereinafter set forth.

Be It Resolved, That the City of Pittsburgh accepts from The Pennsylvania Railroad Company a public easement by means of an existing pedestrian subway at the East Liberty Station of The Pennsylvania Railroad at Valuation Station 5721 + 96; and

That, The Mayor and the Director of the Department of Public Works be and they hereby are authorized to enter into such agreements and documents as shall be approved by the City Solicitor for the

purpose of confirming and recording said substitute easement, together with such ancillary easements over and across property of The Pennsylvania Railroad Company as are appropriate; and

That, The City of Pittsburgh hereby accepts said new easement and said agreement in lieu of the easements and agreements set forth in the petition and agreement of The Pennsylvania Railroad Company at Common Council No. 1201-1/2 of 1903, which easements and agreements of 1903 are hereby relinquished and released.

Pittsburgh, Pennsylvania

Gentlemen:

It was my responsibility as a member of the General Entertainment Commission of The Methodist Church to work with Mr. Charles W. Strong and his staff in the Civic Arena in caring for the General Conference of The Methodist Church which has just concluded its stay in your city. I have been privileged to have this opportunity in three other cities in the past twelve years, but I must say that I have never worked with a man who was more cooperative,

nor a staff that was more cooperative than that which you have in the Civic Arena in Pittsburgh. Mr. Strong left no stone unturned to help us and his staff was equally as cooperative. I felt that it would be recreant on my part if I did not make this statement because of the very fine work that they did in helping us to make our Conference one of the most successful we have had.

Sincerely yours,

Norman L. Conrad,
Vice Chairman
General Conference
Commission on Entertainment and Program.

Mr. Leslie moved

That the Minutes of Council of Monday, June 8, 1964, be approved.

Which motion prevailed.

And upon motion if Mr. Counahan,

Council adjourned.

ONE HUNDRED THIRTEENTH COUNCIL

Council met.

Present:—

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Jordan	Mr. Fagan
	(Pres't)

Absent:—Mr. Gallagher.

The Chair:

Members of Council:

Today, for the first time in 188 years we are all free citizens, except those in jail or penitentiaries. When the President of the United States, Lyndon B. Johnson, signed the Civil Rights Bill, Thursday, July 2, 1964, it made all of us free.

I have here a short statement that is worth repeating. It reads as follows:

"WORTH REPEATING

When our forefathers signed the Declaration of Independence they had great

hope for the little nation called America, for they knew that it was founded upon a solid rock—belief in the guiding hand of God. We became a great nation under God, a nation full of hope.

—Merritt W. Faulkner"

The meeting was opened by the recitation of the pledge of allegiance to the flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in the cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller stated that because of the unusual deposit of refuse at the curbs during the annual clean-up campaign it became necessary to assign trucks and personnel in excess of that originally planned and to work personnel overtime, thereby creating an emergency in the Bureau of Refuse, Department of Public Works, requiring the transfer of an additional sum of \$10,000 to Code Account No. 1677, Clean-up Campaign, Wages.

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the transfer of the sum of \$10,000 to Code Account No. 1677, Clean-up Campaign, Wages, for the purpose hereinabove set forth.

The Chair:

Members of Council:

I understand that at the close of today's meeting Council is to meet with representatives of the Firefighters Local Union No. 1, so I would like to define my position for not being there. I have made it plain on numerous occasions, but I think I better repeat it this afternoon.

Yesterday afternoon after being out in different parts of the City, I went

home and looked up the word "varmint." Webster's Seventh New Collegiate Dictionary, based on Webster's Third New International Dictionary says: Varmint—Wild animal or bird considered a pest. A contemptible person. Rascal person fellow.

Varmint—a worm. Noxious mischievous or disgusting animals of small size, of common occurrence and difficult to control; also mammals that prey upon game. A noxious or offensive person.

This statement was made by the firemen of the Mayor of the City of Pittsburgh and all the members of Council. All of you may not have been councilmen at the time, but it still applies to everyone:

I want to say for the information of everyone here, the general public included, that I have never been obnoxious at any time. I am a man. When I walk down the street people point to me as a man, not something obnoxious or offensive. Until the Firefighters Local No. 1 comes here and apologizes for what they said about Council, they shall never meet with Patrick T. Fagan: We might as well understand one another.

Mr. Baskin moved

That Council recess until Friday, July 10, 1964, at 9:00 o'clock A.M. (E. S. T.).

Which motion prevailed.

And Council recessed.

Mr. Baskin	Mr. Kamyk
Mr. Cavanaugh	Mr. Kuhn

Absent:—Mr. Gallagher.

The Chair:

Members of Council:

I might say for your information that we have with us today a group of students from Africa who are attending a special seminar at the University of Pittsburgh. These students have been studying at various universities throughout the United States for the past six years.

I understand Mr. Tom Livingston and Mr. William J. Koenig, representatives of the University of Pittsburgh, have accompanied them here today.

On behalf of Council I am delighted to welcome you here today. I understand that after today's Council meeting Councilman Jordon will explain to the group the functions of Pittsburgh City Council.

Since there are no presentations and no unfinished business to come before the meeting, the next order of business is the presentation of reports of committees.

DEPARTMENT OF LAW

Pittsburgh, Pa.

July 9, 1964

President and Members
City Council
City of Pittsburgh

Re: Bill No. 772, Carnegie Library
Warehouse and Bookmobile Center

Gentlemen:

We have Council's inquiry dated July 8, 1964, asking for a report on the question of an agreement by the Trustees of Carnegie Library that monies advanced by the City for the above project will be reimbursed to the City.

A formal written agreement on this subject is now actually in effect. We refer to Ordinance No. 405, approved December 18, 1963 which created the special trust fund for the above project. Section 2 of that ordinance reads as follows:

"The City of Pittsburgh does and shall accept from the Board of Trustees of the Carnegie Library of Pittsburgh the sum of Forty-two thousand two hundred ninety-five and 04/100 (\$42,295.04), being the state aid received by the Trustees from the Commonwealth, together with such other state aid funds as the Trustees may hereafter receive from the Commonwealth for this project after application therefor which the Trustees shall make, in order to reimburse the City."

Note that the quoted ordinance section states that the Library Trustees must make application for state aid funds in order to reimburse the City.

Section 5 of the same ordinance required the Library Trustees to file a duly authorized certificate of acceptance. On January 2, 1964 the Library Trustees,

over the signatures of their President and Secretary, filed Controller's Acceptance #899 (copy attached hereto) in which all the terms and obligations of the ordinance were accepted by the Library Trustees as binding obligations.

Thus the ordinance and formal acceptance together constitute a complete written contract.

We point out that the obligation of the Library Trustees to reimburse the City is not absolute. They are obligated to reimburse the City only out of state aid funds, which the Library Trustees must seek for that purpose. We believe that such obligation is in accordance with the basic understanding between your Honorable Body and the Carnegie Library Trustees.

Very truly yours,

DAVID W. CRAIG
City Solicitor

Which was read, received and filed.

Mrs. D'Ascenzo:

Mr. President:

I think that every member of Council rightfully understands that the reimbursement to the City of Pittsburgh was contingent upon the yearly subsidies by the State. As of this date, there is already deposited in the trust fund a reimbursement of \$110,000.00. It is hoped that the subsequent Legislature of Pennsylvania will provide the rest of the money. As of now it seems that that is going to be so.

The Chair:

I have a copy of the Southwest Journal on my desk, wherein there appears an article reciting the fact that the ground on which this building is to be constructed is the last available area in that district for play purposes. The entire cost of the construction of this building is to be borne by the City of Pittsburgh, because the County of Allegheny refuses to share in its cost.

Mr. Baskin moved

MOTIONS AND RESOLUTIONS

The Chair presented

No. 804.

The untimely and sudden death of John Ray Gorman on Tuesday, July 7, 1964, has brought sadness to the Mayor and the Members of Council of the City of Pittsburgh.

Mr. Gorman joined the Police Force in 1931 and was a member of its mounted unit for many years. For the past several years he was the Sergeant-at-Arms in Council, where his services were of the highest character.

He was an efficient, courageous and faithful employee.

He was a loving husband and a devoted father.

His death bereaves those of us who were so closely associated with him as public officials.

Therefore, the Mayor and the Members of Council extend their sincere sympathy to the bereaved family.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

Mr. Jordon:

Mr. President:

I am sorry I am late.

I understand you welcomed our guests from Africa. We are going to meet with the Mayor as soon as today's Council meeting is adjourned. These gentlemen would like to have members of Council present at the meeting, if you are available, for they are interested in learning how we operate our government in the City of Pittsburgh.

The meeting will be held in the Mayor's Conference Room.

The Chair:

I informed them you were delegated to speak to them. My remarks to them were only of a preliminary nature.

Mr. Counahan:

Mr. President:

If you don't mind, I would like to make a few remarks at this time. Of course, I don't like to bring up this particular subject since we have visitors here, but in the last week or two an old problem has developed, one which you have heard me speak about time and time again—this is, the odor permeating the neighborhood above Brighton Road and northwardly therefrom.

I have received many complaints from residents in this area, but from my investigation I am unable at this time to ascertain where the odors emanate from. Some of the people are of the opinion that these odors come from the plant of the Sanitary Authority of Allegheny County. They claim these odors commence at or about eleven o'clock in the evening and continue until five o'clock in the morning.

I do not want to blame it on the Sanitary Authority. When the odors occur they start in my neighborhood first. I have not noticed any odors, but the people who have complained to me say it is sickening. They say it is a conglomeration of fumes and so forth. If it is the Sanitary Authority, something should be done about it, because for the past

few years we have received a large number of complaints from our citizens.

Now, we received reports from the Sanitary Authority stating, in effect, that the complaint will be corrected in thirty or sixty days.

Now, I am not going to stand here and accuse the Sanitary Authority. I just want to refresh your memory with what has occurred with the Sanitary Authority. I believe this matter should be referred to the Bureau of Air Pollution Control, Department of Health, Allegheny County, for report, letting us know exactly what the problem is. If it is as sickening as people say it is, we are going to have people moving out of the City as a result of it.

I think now is the time for us, as members of Council, to do something about it. In other words, find out from the County of Allegheny what it is and what preventative measures can be taken. This is not just something that either I or the residents of the area have dreamed up; it is something very, very serious. In fact, some of the City employees have been complaining about it. I rather think that Councilman Leslie's district is annoyed by this odor, too. Something should be done about it.

The Chair:

Do you want to make a motion to refer it to the County Health Department?

Mr. Counahan:

I think it has been referred to the Sanitary Authority, so I won't tie that in. Therefore, I move that this matter be referred to the Bureau of Air Pollution Control, Department of Health of Allegheny County for investigation and report.

Which motion prevailed.

The Chair:

Members of Council, with your permission I would like to read into the record an editorial which appeared in The Pittsburgh Press on Monday, July 6, 1964, captioned "WAVE OF BANK ROBBERIES".

"Although Dodge City, Abilene and other Wild West towns were noted as the most lawless places in the world during the 19th century, even these legendary cities have to take a back seat to present-day Pittsburgh in the frequency of bank robberies.

"When a Downtown bank was held up the other day, it marked the fourth such robbery here in less than seven weeks. The previous day, a Stanton Heights bank was robbed for the third time in nine months. Even Jesse James wouldn't have attempted a crime wave of that size.

"Pittsburgh, to be sure, is not the only U. S. city suffering from this outbreak of lawlessness. Crimes against financial institutions have been steadily increasing in the post-war years. In 1946, for example, there were only 81 such robberies in the nation but last year there were 887, an increase of more than 1000 per cent.

"Pittsburgh is fortunate in one respect, however. Federal agents who work with local police in bank robbery investigations report that this City's record for solving these crimes is one of the best in the country. In the last 10 years, approximately 75 per cent of the cases have been solved.

"But if the present high rate of bank robberies is to be reduced, even greater efforts will be required. One weak point is the leniency of the courts in certain cases. It may be recalled that a convicted bandit was placed on five years probation following a Mt. Washington holdup in 1960, and almost immediately afterward two more banks were robbed.

"Last year an ex-convict was put on three years probation after an attempted stickup in Sharpsburg. And three months ago, four men who had received 15-year sentences for four bank robberies were placed on probation after serving only 38 months in prison. This type of justice will do little to discourage crime.

"An increase in the number of FBI bank robbery conferences also would be helpful. Last year 300 bank employees attended a clinic in Pittsburgh and were told to keep their eyes open during

holdups so they could give accurate descriptions of the gunmen to police.

'The FBI does not encourage resistance to armed bandits,' agent Jan MacLennan said. 'We advise bank officials to plan on what measures to take if a holdup occurs. Many new banks are poorly designed against robbery, with little protection for employees.'

"These clinics should do much to increase the effectiveness of police work here. Most of all, however, the courts must impose realistic sentences if we are to halt the rapid increase in this major crime."

The Pittsburgh Press is to be commended for writing an editorial of this kind. I hope the Bureau of Police of the Department of Public Safety, the County Detective Bureau, the Sheriff's Office, and anybody who has anything to do with policing in the City of Pittsburgh and County of Allegheny will really get on their toes. For many years the only time the State Police came into the City was on invitation of a public official—in some cases for political reasons.

The Sheriff is the highest ranking police officer in the County. But on occasion the State Police have made arrests in the City of Pittsburgh. Of course, I am not complaining about the latter doing police work here, but I hope our policemen and everyone concerned is going to get on their toes.

In the first place, the banks contribute substantially in taxes for the upkeep of the City. Also, the employees of these banks also contribute substantially in the way of taxes for the operation of the City government. They are entitled to the proper kind of protection.

I think the editorial which appeared in the Press on Monday, July 6, 1964, should open the eyes of anybody who has anything to do with police work, both in the City and County of Allegheny.

Mrs. D'Ascenzo moved

That Mr. Gallagher be excused for absence from this Council meeting.

Which motion prevailed.

Mr. Baskin moved

That Council adjourn to meet on Monday, August 3, 1964, at 1:00 o'clock, P.M. (E.S.T.) and that the standing committees of Council, commencing with the Committee on Finance, meet

on Tuesday, August 4, 1964, at 1:00 o'clock, P.M. (E.S.T.).

Which motion prevailed.

And Council thereupon adjourned.

MOTIONS AND RESOLUTIONS

The Chair:

Members of Council:

I attended a groundbreaking ceremony at noon today. Ground was broken for the erection of an arts and crafts building by the Graphic Arts Technical Foundation which will bring one of the biggest printing and arts and crafts industries to the City of Pittsburgh.

At the present time we have approximately 8,000 people employed in this industry. In Boston, they have 32,000. San Francisco has about 28,000. Eventually, between now and the next ten years, Pittsburgh will be the center of the Graphic Arts in the United States.

The University of Pittsburgh and Carnegie Tech did quite a bit of the work in bringing them here. Mr. Paul Lyle, President of the Organization of Wisconsin was here. I was informed that a number of cities were competing for this business. Finally, through the influence of Robert H. Ryan, President of the RIDC, the Urban Redevelopment Authority, Carnegie Institute of Technology, the University of Pittsburgh and Mellon Institute, we have been able to get this organization to come to Pittsburgh. It will create a lot of employment for the people of Pittsburgh. I am happy we were able to accomplish this through the efforts of those concerned.

Mr. Leslie:

Mr. President, Mr. Arthur Gratz, President of the Herbick & Held Corporation and Chairman of the Stadium Authority, played an important role in bringing this institution to Pittsburgh.

He unselfishly worked hard and long on this project.

The Chair:

Undoubtedly. I sat beside him today. I was told by Mr. Lyle that Mr. Gratz

had a very important part in planning this project and did a great deal to influence this corporation to come to Pittsburgh. You say he is also on the Stadium Committee?

Mr. Leslie:

Yes, he is the Chairman.

The Chair:

I think he gives more of his time to civic affairs and government affairs than he does to the printing industry.

Mr. Leslie:

He is a conscientious worker, Mr. President.

Mr. Kamyk moved

That Messrs. Baskin, Jordon and Kuhn be excused for absence from this Council meeting.

Which motion prevailed.

Mr. Counahan moved

That Council adjourn to meet on Tuesday, September 8, 1964, at 1:00 o'clock, P.M. (E.S.T.) and that the standing committees of Council, commencing with the Committee on Finance, meet on Wednesday, September 9, 1964, at 1:00 o'clock, P.M. (E.S.T.).

Which motion prevailed.

And Council thereupon adjourned.

MOTIONS AND RESOLUTIONS

Mr. Leslie moved

That the Minutes of Council of Tuesday, September 8, 1964, be approved.

Which motion prevailed.

Mr. Counahan:

Mr. President and Members of Council:

I have been looking at our flags. I don't know when they were cleaned last, but they have begun to look a bit dirty. In fact, I think they should be replaced with new flags containing fifty stars.

Mr. Boxheimer, do you know anything about this?

Mr. Boxheimer:

I talked to Mr. Carl Harshman just two weeks ago. I asked him to put up two new flags. He said they would cost \$180.00 apiece. He informed me that he didn't have any money in his appropriation. If you want us to, we can order them and pay for them out of our fund.

Mr. Counahan:

I think it is about time we did something about this. I think it is necessary that the flags be cleaned and the star pattern changed.

Mr. Boxheimer:

I called his attention to the fact that there are only forty-eight stars in the flags. He said it is still legal.

Mr. Counahan:

It is still legal. There is no question about that.

Mr. Boxheimer:

He said the cost of fifty-star flags would be between \$150.00 and \$180.00 apiece.

Mr. Counahan:

Mr. Leslie just handed me this paper. He has drawn the whole thing out. He has the same feelings about it as I have and we have never discussed it.

The Chair:

I agree with you, Councilman Counahan. I think something should be done about it.

Mr. Kuhn:

You know, when Alaska and Hawaii were admitted I remember asking Mr. Boxheimer about it. He pointed out the expense involved and the fact that it was legal to use these old flags until they are worn out.

These are handsome old flags. I hate to see these old flags go.

Mr. Counahan:

Mr. President, I move that the Director of the Department of Lands and Buildings be instructed to purchase two United States flags containing fifty stars to be placed over the dais in Council Chamber. The two flags to be purchased should be similar in size and quality to those presently draped above the dais in the Council Chamber.

Mr. Jordon:

Mr. President, I have no objection to it, but I think we ought to know the cost before we do this.

The Chair:

The Department will notify us before it makes the purchase.

Mr. Counahan:

It will come back to Council for approval.

Mr. Kamyk:

I think we ought to have flags with fifty stars in this Chamber. I don't mean that these flags should be put out of use. They can be used in other places in the building. But in this Chamber I think we should have flags containing fifty stars.

And the question recurring on the motion, that the Department of Lands & Buildings should purchase two U. S. flags for use in the Council Chamber, the motion prevailed.

And upon motion of Mr. Counahan.

Council adjourned.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general

ordinance except in the cases of emergency when special appropriations may be made to meet the same; and

Whereas The Director of Water, in letters addressed to the Mayor and the City Controller under date of August 27, 1964, states that the 1964 appropriation of \$600,000.00 to Code Account No. 1707, Rehabilitation and Reconditioning of the Water System, has been completely expended or encumbered under existing legislation for contracts to rehabilitate the plant, purchase equipment, meters, stocking of pipe in the maintenance yards and for unexpected repairs; and

Whereas, Because of recent highway program developments the City has been requested to commit itself to the Commonwealth in an amount of \$80,000.00 for water line work on Second Avenue (Legislative Route No. 376, Section 8); and

Whereas, Additional funds of \$20,000.00 are needed for emergency repairs arising for water line breaks; and

Whereas, Such appears to be a good and sufficient season to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the appropriation of the additional sum of \$100,000.00 to Code Account No. 1707, Rehabilitation and Reconditioning of the Water System, Department of Water, for the purposes hereinafter set forth.

No. 1024.

Ralph Munn, Director of Carnegie Library of Pittsburgh for the past 36 years, resigned Friday, September 17, 1964, an action accepted with deep regret by Honorable Joseph M. Barr, Mayor, and the members of Council of the City of Pittsburgh.

Under Mr. Munn's guidance the Pittsburgh Library System grew into one of the greatest free library systems of any city in America.

His achievements were two major projects which extended and improved library service throughout the Pittsburgh area. They were the merger of the independent North Side Libraries with the Pittsburgh Library, and the extension of the library services to all residents of Allegheny County.

Since he assumed directorship in June 1928 Carnegie Library established special divisions for art, music, public affairs, Pennsylvania interest, and young people. He also established the Gillespie reading room and a special adult services office.

Also, under his directorship branch libraries were established in Brookline, Carrick, Knoxville and the Golden Triangle. His use of bookmobiles with which books are carried to outlying sections of the county by special vehicle, proved one of the most successful innovations.

He was always industrious, faithful and loyal in the office which he held, and filled the office with fidelity to the people of this great community. He leaves a fine record of achievement behind him.

Mr. Munn was Dean of Carnegie Library School of Carnegie Tech from 1928 to 1962, when the school was transferred to the University of Pittsburgh.

He was President of the Pennsylvania Library Association in 1930-31, and President of the American Library Association in 1939-40.

He will serve as director emeritus of Carnegie Library, the first in the institution's history.

The Mayor and the members of Council are happy to know that Mr. Munn will be replaced by Keith Doms, who has already proven himself as an extremely capable assistant director of the Pittsburgh Library System.

Therefore, the Mayor and the members of Council of the City of Pittsburgh acknowledge the splendid services rendered by Mr. Munn, and extend to him

our best wishes for contentment and happiness in the future.

Mr. Baskin:

Mr. President:

I have something that may be of interest to Council. This information is in connection with the Civic Arena.

As you all know, the world famous Beatles were here for a performance last week. There are several aspects of that performance which I think are noteworthy. It was one of the largest crowds that the Arena has had for a single event, over 12,500 people. It produced the single largest gross receipts of any event in the history of the Arena. The gross was \$73,767.00 from that event.

What was impressive to me and to others who were watching this performance was the work of our Police Department and also the behavior of the children and adults in attendance. We had heard there was a lot of difficulty with these performances in other cities. We were a bit worried about what might happen here.

Our Police Department deserves the utmost credit for the way it handled the crowd. I think the children of this city and the parents, too, are entitled to a great deal of credit for the manner in which the children behaved themselves. Although there was enough noise there to literally raise the roof, even if it was a removable roof, I might say the children behaved very, very well. There was almost no damage whatsoever in the Arena. The Arena emptied out very, very quickly after the performance. All in all, it was a very orderly crowd, considering the magnitude of it and

the fact that it was largely a crowd of children.

Of interest also to Council might be some of the financial results to the city from this one show. The Arena itself grossed approximately \$10,000.00 for all sources; that is, rent, parking, concessions and staff costs, which were reimbursed. The additional employment for that single night's performance totaled approximately 250 people. The total taxes that the city received as a result of the admission and parking taxes was \$6,421.

I think all of these statistics are important in showing what a role the Arena is playing in the life of our city in bringing people to the city.

I want to close by again reiterating my belief and those in authority at the Arena that the Police Department deserves the utmost credit for the way they handled the situation.

The Chair:

We hear so many complaints about the Police Department and all people in government that I think it would be a very good idea that we pass your remarks on to the members of the Police Department, because it is a nice thing to hear.

Mr. Leslie moved

That the Minutes of Council of Monday, September 14, 1964, be approved.

Which motion prevailed.

Mr. Baskin moved

That Mr. Fagan (Pres't) be excused for absence from this Council meeting.

Which motion prevailed.

And upon the motion of Mr. Baskin,

Council adjourned.

No. 1141.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in the cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller, under date of October 1, 1964, states that there exists in Code Account No. 1655-2, Salaries and Wages, Regular Employees, Division of Asphalt Plant, a deficit of \$5,000.00, which deficit is due to working at nights, Saturdays and

Sundays resurfacing streets in the downtown and other business areas not feasible to schedule during the regular working hours because of congested traffic, and also due to the need for making repairs to the Asphalt Plant on Saturdays and Sundays when the plant was not operating; and

Whereas, Additional funds of \$5,000.00 are needed to meet payroll charges for the period ending December 31, 1964; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the transfer of the additional sum of \$5,000.00 to Code Account No. 1655-2, Salaries and Wages, Regular Employees, Division of Asphalt Plant, for the purpose hereinbefore set forth.

No. 1176. Mrs. R. Templeton Smith, President of the Allegheny County League of Women Voters, died on Friday, October 23, 1964, at the age of 74.

Mrs. Smith devoted more than half a century of militant participation in civic and government affairs. She was a determined fighter for the right as she saw it in government, and was critical of any waste, inefficiency, corruption or complacency in the municipal government or the county government.

In 1934 the then Mayor, William N.

McNair, appointed Mrs. Smith as budget advisor, which position she held for two years. She was always interested in the annual municipal budgets, and her scrutiny was directed at nearly every facet of city government. Although she had no official status with the City Government, she was given the title "watchdog of the treasury."

As an individual, as well as during her long tenure as President of the Allegheny County League of Women Voters, she steadfastly worked for civic progress.

The death of Mrs. Smith has brought sadness to many Pittsburghers, and those of us who came in contact with her will long remember and feel the impact of the good work of this energetic woman.

Therefore, the Mayor and the members of Council take cognizance of the death of this genial woman, and express to her family and to the members of the Allegheny County League of Women Voters their deep sorrow which the death of Mrs. Smith has brought to this community.

Which was read.

Mrs. D'Ascenzo moved

commercial for an institution of which
we are all proud. Through the gener-
osity of local charitable foundations, par-
ticularly the A. W. Mellon Educational
and Charitable Trust, Carnegie Institute
every three years brings to Pittsburgh
an International Exhibition of paintings
and sculpture that attracts not only
national but international attention.

This year's exhibition, which opened
a week ago last Thursday, has paintings
and sculpture from all over the world.
It has many fine works of art, including
many works of art which some of us
may find difficult to appreciate or un-
derstand. But this has been the tra-
dition for 43 Internationals. As a small
boy, I can remember, as I know others
of us can, going to exhibitions and seeing
works of art that were not always then
clear to us. But with passing of years
they have come to be accepted, some
of them old masters. Some have been
acquired by the Institute for its perma-
nent collection and are more often away
from Pittsburgh on loan than they are
here.

The exhibition has been exceptionally
well received by the art critics, not only
locally but in New York and elsewhere.
This speaks very well, I think, for the
staff of the Museum of Fine Arts at
Carnegie Institute, for the Associate
Director, Leon Arkus, who has served
there for many years and, particularly,
for the new Director Gustave Von Gro-
schwitz. This is the first exhibition
for which he is responsible.

I think it is appropriate that we
congratulate Carnegie Institute Museum
of Fine Arts, for this exhibition which
makes us appreciate how much we are
part of a broader nation and world is

the field of the fine arts as we are in many other fields.

I want to commend the exhibition to all of my colleagues. It will be open through the end of the year and until January 10, 1965.

The Chair:

Thank you, Councilman Kuhn.

I can second the remarks of the councilman. He and I were at the museum and library last week. There is no doubt there are a lot of things worth seeing.

Which motion prevailed.

Mr. Leslie moved

MOTIONS AND RESOLUTIONS

Mr. Counahan presented

No. 1247. Communication from the Department of Public Works submitting report of overtime services performed by employees in the department during the month of October 1964.

Which was read and referred to the Committee on Finance.

Mr. Kamyk (for Mr. Jordon) presented

No. 1248.

Whereas, Pursuant to Ordinance No

198, approved June 12, 1961, and in the manner prescribed by the Urban Redevelopment Law, Act of May 24, 1945, P.L. 991 as amended, the Redevelopment Proposal for Redevelopment Area No. 12 in the Twenty-second Ward of the City of Pittsburgh was approved; and

Whereas, The Urban Redevelopment Authority of Pittsburgh has submitted by letter dated November 13, 1964, a form of Contract for Disposition by Sale of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and The Bell Telephone Company of Pennsylvania, in connection with Parcel 17 in the Twenty-second Ward of the City of Pittsburgh in Redevelopment Area No. 12; and

Whereas, The Council of the City of Pittsburgh believes that the proposed Contract is in the best interests of the City of Pittsburgh and desire to give its approval in accordance with the provisions of the Urban Redevelopment Law.

Now, Therefore, Be It

Resolved, That the form of Contract for Disposition by Sale of Land for Private Redevelopment by and between the Urban Redevelopment Authority of Pittsburgh and The Bell Telephone Company of Pennsylvania submitted to this Council by the Urban Redevelopment Authority of Pittsburgh by letter dated November 13, 1964, in connection with Parcel No. 17 in the Twenty-second Ward of the City of Pittsburgh, be and the same is hereby approved, it being in substantial conformity with the Redevelopment Proposal for Redevelopment Area No. 12 in the Twenty-second Ward of the City of Pittsburgh.

Which was read.

Mr. Kamyk moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 1249. Whereas, Miss Kathleen Frances Ross, of the Morningside District of the City of Pittsburgh carried the honor of this city into a nation-

wide contest for the title of Miss Teen-age America, 1964; and

Whereas, Miss Ross distinguished herself and our City by achieving the honor of second place in this contest, through a display of her personality, charm and talents; and

Whereas, Miss Ross added further lustre to her accomplishment by exhibiting a warmth and friendliness which prompted her teen-age peers in the same contest to choose her as MISS CONGENIALITY.

Therefore, The Mayor and the Council acknowledge the contribution made by Miss Ross to the improvement and enhancement of the texture of Teen-age Society in the City of Pittsburgh.

At a time when riots, vandalism, dope addiction, and the entire array of pathetic aberrancies consequent upon our human condition are tragically and terrifying characteristic of many of our teen-agers.

Miss Ross has given our city and our nation a refreshing and reassuring example of what a teen-ager can do when she lives her faith in God—works assiduously in the development of her talents—and reaches out in warmth and friendliness to her fellow humans, ready to give them the benefits of her gifts.

May her example inspire others of her age group to similar achievements.

Which was read.

Mr. Kamyk moved

The adoption of the resolution.

The Chair:

Members of Council: I had the pleasure of representing both the Mayor and the Council of the City of Pittsburgh on Saturday evening when Miss Ross returned from her glorious trip. A lot of her classmates and citizens from the Morningside section of the City of Pittsburgh were at the airport to greet her.

The whole campaign was sponsored by KDKA Radio and Television. Mr. Fred Walker represented KDKA radio and Mr. O'Friel represented KDKA television. I

understand they had quite a celebration at her home. I will allow the Assistant City Clerk to elucidate on the celebration. I left after her arrival at the airport.

Mr. DiNardo:

Members of Council: My wife and I were invited to the Ross home that evening. It is approximately a half block from where we live. St. Raphael's was having a dance, so we asked the orchestra to come to the house. It was pretty late in the evening. All of Morningside turned out to greet the young lady. We had banners stretched across Chislett Street. She was very gracious and is a very nice young lady. She thanked everyone for being there.

Another official from the City was there — Superintendent Lawrence Maloney.

And the question recurring on the adoption of the resolution, the motion prevailed by a rising vote.

Mr. Baskin:

Mr. President and Members of Council: I think it is useful to bring to the attention of Council certain events which have been or will be held at the Arena which are first in the City of Pittsburgh.

The Arena is not only an impetus to the City but performs a very useful community function.

This is, I think, one of the foremost community functions that the Arena has been able to perform. The First Career Exposition to be held in Western Pennsylvania and perhaps the first in the United States will take place in the Civic Arena Exhibit Hall on February 5-7, 1965.

Exhibitors will be colleges, universities, special training schools, trade and professional organizations offering career training or programs and industrial and commercial firms seeking qualified employees or trainees.

Admission will be free. Many schools will send classes to attend the various exhibits and lectures. There will be a series of addresses by educational and employment officials on career planning.

The Exposition will be sponsored by Radio Station KQV, Pittsburgh, and will be managed by William H. Mazelsky, Pittsburgh publicist and exposition producer.

This brings together under one roof a great many employment and educational personnel who will be able to explain to many of our students of high school, training school and college level what they can do to find employment after graduation. They will probably give them some very useful information to prepare them for employment.

I think it is a very useful public service that the Arena is able to afford by virtue of the fact that it is probably the only place where something like this could be held in the City of Pittsburgh.

The Chair:

Thank you, Councilman Baskin.

Mr. Baskin moved

That Council meet on Monday, November 23, 1964, at 11:00 o'clock A.M. instead of 2:00 o'clock P.M., and at this meeting the Honorable Joseph M. Barr, Mayor, will present his budget message for 1965.

Which motion prevailed.

And thereupon Council adjourned.

ONE HUNDRED THIRTEENTH COUNCIL

Council met.

Present:—

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
Mr. Jordon	(Pres't)

The Chair:

In opening the meeting this morning, we will recite the pledge of allegiance to the flag of the United States of America. We will dedicate this pledge to the memory of the late President of the United States, John Fitzgerald Kennedy. In all of the brilliant addresses he made, President Kennedy included God, and we still have God in the pledge of allegiance to our flag.

And then followed the recitation of the pledge of allegiance to the flag:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The Chair:

The first order of business is the reception of the Mayor's 1965 budget message. I appoint Mrs. D'Ascenzo and Mr. Counahan to escort His Honor, Joseph M. Barr, Mayor, to the Council Chamber, where he will deliver his budget message for 1965.

The Committee returned, accompanied by the Mayor, and introduced him to the Council.

The Chair:

Members of Council, Fellow Citizens:

I am delighted to present His Honor the Mayor, Joseph M. Barr, who will present his 1965 budget message to the Council of the City of Pittsburgh for consideration.

In 1959, when Mayor Barr took office the unemployed in the City of Pittsburgh averaged a high of twelve percent. The low was seven percent. When he presented the 1964 budget the unemployment rate was at a high of 4.3 percent. Today, the figures from the Bureau of Employment Security indicate there is less than 3.7 percent unemployed in the City of Pittsburgh.

In 1959, assessments on land totalled \$405,182,700.00; buildings, \$744,505,304.00; a grand total of \$1,149,688,004.00. In 1964 the assessments on land came to \$416,359,671.00 and on buildings \$817,900,721.00; a total of \$1,234,260,392.00. In other words, the increase in Lands and Buildings has risen by approximately \$85,000,000.00 since Joseph M. Barr became Mayor of the great City of Pittsburgh. Most of the increase has been on buildings. So it shows that we have been making progress, both in our renaissance, and in reducing unemployment.

I am happy this morning to present to Council and the citizens of Pittsburgh our dynamic Mayor, Joseph M. Barr.

Mayor Barr:

Mr. President and Members of Council:

I am glad it is today and not yesterday, because I think it took all day yesterday to thaw out from a trip to Penn State. As you know, it was not too big a day for the University of Pittsburgh but a suffering day for all those who attended, not just on account of the score of the game but the terrific cold.

It is my responsibility and privilege to transmit to you the General Fund Budget for the operation of Pittsburgh's municipal government in 1965.

This is the sixth budget I have had the honor of proposing as Mayor. This document includes estimated revenues and expenditures for all City functions, except the Water Department, whose budget will be presented separately to City Council.

I am recommending a 1965 operating budget which maintains all essential services, and in some areas improves the level of services this administration will provide to the people of Pittsburgh.

There will not be any increase in taxes or charges for municipal purposes whatsoever.

Expansion of services is possible in 1965 because, as Council is aware, 1964 has been a good year for Pittsburgh from the standpoint of employment and economic activity. The State Bureau of Employment Security recently reported that the unemployment rate in September for the four-county Pittsburgh labor market area was 3.7 per cent. This reflects an amazing resurgence when you recall that slightly more than two years ago the number of unemployed locally exceeded 12 per cent.

As a result, those municipal revenue sources that are a barometer of economic activity will exceed our original estimates. The occupation tax will produce approximately \$3-million compared to the original conservative projection of

\$2.3-million; earned income tax collections will reach \$9.7-million, nearly a quarter-million dollars more than anticipated.

Other major revenue items will come close to or exceed the original figures by lesser amounts. One soft spot looms in the total revenue picture in the Water Department where returns will fall nearly \$200,000 short. Combined with higher than anticipated spending in that department, its payment into the General Fund this year will be \$350,000 less than the \$2-million budgeted.

In summary, our estimated receipts by the end of December are expected to be \$55,962,845. This is \$707,166 above our projected figures of last year. To the best of my knowledge, it is the first time in my tenure as Mayor that this pleasant circumstance of surplus revenues has developed.

In addition, our 1964 obligations, that is actual expenditures, along with unexpended carryover appropriations, will be less than our listed appropriation by \$2,250,000. These cancellations, added to our surplus revenues gives us a gross surplus applicable to the 1965 budget of \$2,957,166.

The City Treasurer estimates our 1965 resources at \$56,224,670, which combined with the gross surplus, would give us a total of \$59,181,836 in General Fund resources or revenues available for this coming year.

On the expenditure side, department heads submitted requests for 1965 (including wage increments normally due to municipal employees) amounting to \$58,800,000. As the members of Council realize, it is never possible to include all operating programs that merit a place in our plans. After careful analysis by the Mayor's Office, we reduced these requests by nearly \$1-1 million to the point I felt justified to maintain our far-flung City services at a necessary level.

Non-departmental items, most of which are mandatory, will be \$661,127 above the 1964 figures. Major changes are:

1. Debt service costs will rise to \$8,864,069. This includes first-year principal and interest charges amounting to \$170,715 on short-term loans authorized by Council in 1964, one to the newly-established Stadium Authority and the other to the Water Department to complete construction plans for the new filtration rapid sand plant.

However, the increase in the City's debt service charges for these two items will be offset by corresponding payments of \$170,715 directly to the City Treasurer next year by the Stadium Authority and the Water Department. Debt Service figure for 1965 is 10.6 per cent of the total budget. Because of our sound emphasis on financing long-term improvements on a pay-as-you-go basis wherever possible, a far smaller share of our total spending goes for borrowing obligations than is the case in most cities of comparable size.

2. Our contribution to the Municipal Employees Pension Fund will be \$1,750,000, approximately \$50,000 more than the current year; and to the Firemen's Pension Fund, \$490,000, a \$65,000 boost in the City's share. The City's total obligation in 1965 for employee retirement, including Social Security, amounts to \$3,047,112.

3. Workmen's compensation costs will be \$50,000 higher than the original 1964 appropriation. Increased hospital, medical and drug charges account for the increase.

Added together, the 1965 departmental requests plus non-departmental costs I have mentioned, would bring General Fund expenditures to \$57,707,948 compared with \$59,181,836 in total funds available—or a projected operating surplus of \$1,473,888.

How should this surplus be used?

As Council knows, there is no dearth of deserving programs to which it could be allocated. A wage increase for municipal employees would be wholly justified in view of the rising wage-salary pattern in private industry and other levels of government. Our executive and supervisory salaries, in my judgment, particularly need revision, if we are to be able to retain and recruit the talents

needed to operate efficiently a \$60 million-plus municipal corporation.

The challenge calls for hard decisions in selecting those alternatives which in a cumulative way will best protect and advance the interests of this City and its citizens.

After considerable review and study, I am recommending the following course of action to City Council.

In the more than five years I have been Mayor, the most persistent and insistent demands upon this office from various neighborhoods and citizens groups, and also upon Council, I believe, have been for more police protection. I feel the need to strengthen our law enforcement forces is paramount and the opportunity now present to do something about it. I therefore am proposing the addition of 100 patrolmen to the Police Bureau. Cost of 100-first year men, including uniform allowance is \$545,110.

In last year's budget message, I stated that highest consideration should be given to eliminating the wholesale mercantile levy if funds became available. No action was possible. I believe now, as I did then, that the one mill tax imposed upon the gross volume of brokers, distributors, and other wholesalers discourages them from doing business in Pittsburgh, and has had an adverse affect on the growth of the downtown commercial community.

Pittsburgh as the hub of commercial activity in Western Pennsylvania should be—and must be—the natural home for this type of business firm. I am recommending the abolition of this levy which currently produces \$625,000 annually for the City coffers. Such a move, I am persuaded, will mean more jobs and more economic gains for Pittsburgh over the long haul.

Council has similarly been besieged in recent years with requests from theater owners and amusement promoters to eliminate the 10 per cent admission tax, which produces approximately \$1-million annually. We do not have sufficient funds to do so this year.

However, I am proposing the elimination of the two-mill mercantile tax presently imposed on the receipts of all

places of entertainment, including theaters, movie houses, sports promotions, bowling alleys, and the like. If Council approves this revision to the mercantile tax, it will mean the loss of \$50,000 annually to the City, but will result in a significant measure of relief to local amusement operators.

Two years ago, because of financial limitations, we were forced to cut back recreation activities in a number of school facilities. I know that Council shared my regret and reluctance in that action. This program is restored in the Recreation budget now before you. We have instructed the Parks Department's Director that special emphasis should be given to those neighborhoods where additional recreation for youngsters and adults is needed most. Program cost—\$120,000.

If Council concurs in all these proposals, it will reduce the above mentioned 1965 surplus of \$1,473,888 to \$133,788.

Bear in mind, there is no provision in this document for municipal salary adjustments, with the exception of increment payments to first, second and third-year police and firemen at a cost of \$70,000.

Pittsburgh is one of the few large employers in this area that does not provide any form of group life insurance protection for its workers. To implement a program with a scale of benefits similar to those now in effect for Allegheny County employees, would according to the Budget Controller, cost approximately \$410,000. This is beyond our means this year. But I believe we should make a start.

My final proposal is that we allocate \$100,000 as the City's employer share to establish a Group-Life plan for those employees who want to participate.

By adjusting the budget to encompass all of the above-mentioned recommendations, the City's 1965 General Fund picture is as follows:

1964 Cash Surplus	\$ 2,957,166
1965 Revenues (minus the wholesale mercantile tax)---	55,549,670
TOTAL FUNDS AVAILABLE ---	\$58,506,836

1965 Departmental Expenditures	\$58,473,048
NET SURPLUS	\$ 33,788

Next year's water services will require \$6,836,929. The final 1965 appropriation, including water services, therefore, will be \$65,309,977.

This represents an increase of \$1,710,545 above the level of spending authorized for this year. Despite this increase, we have been able to balance the budget without any rise in taxes; we have strengthened and expanded our services, particularly in public safety and recreation, and we have eliminated an onerous business levy which should produce long-range gains for Pittsburgh.

Along with the afore-mentioned revisions, there are a few substantive changes in this budget that should be briefly noted.

A big item in the Lands and Buildings request pertains to the opening and operation of the new Public Safety Center next spring. This modern facility will house many of the Public Safety functions, Magistrates Courts and City Planning. There is a non-recurring expenditure of \$150,000 for new furniture, equipment and moving expenses, and \$91,000 is sought for maintenance personnel.

In addition to the 100 new police patrolmen, this budget provides for strengthening our law enforcement program in other ways.

Earlier this year, Council approved spending \$36,000 for a modern radio control system to be installed in the Communications Center of the new Public Safety Building. To insure round-the-clock supervision of the Communications Section, so essential to efficient police administration, four sergeants positions are submitted for that duty.

Also during the past year, Council authorized \$36,000 for acquisition of emergency police equipment, including walkie-talkie radios, modern life-saving equipment and a special mobile unit. We will continue to add to our mobile strength with \$25,000 for improved two-way radios on all patrol cars and police motorcycles.

To those who wonder where the municipal tax dollar goes, we should point out that the Police Bureau budget for 1965 will reach an all-time high of \$10,877,399 more than 16.5 per cent of our total budget.

With Council's support, we began a program this year of using meter maids to enforce parking meter regulations in neighborhood commercial areas. This program, which has won instant approval from motorists and merchants, generates many benefits: it results in improved enforcement, it frees regular policemen for more pressing duties, and helps neighborhood businesses by insuring greater turnover of parkers at store-front spaces. To expand this service next year, an additional \$20,000 is allotted to Traffic Planning.

In Public Works, the appropriation for street lighting, not including new installations, is up \$150,000. Since 1960, we have added approximately 6500 luminaires and in excess of 300,000 feet of conduit and wire to the lighting system. We have converted more than 85 miles of major arteries to the new mercury vapor program and also now have the responsibility for lighting the Penn-Lincoln Parkway and the Crosstown Boulevard within the City. We plan to continue to expand this popular mercury program on a City-wide basis next year.

The estimated expenditures now before you represent the product of intensive review and reduction. It is subject, of course, to further review by City Council. If there are reductions which are proper, but which we somehow missed, I know this Council will search them out and take the proper actions. Any such savings, I would suggest, should be added to the \$100,000 fund for Group Life Insurance to provide greater benefits for municipal employees. But I would strongly urge that all such expenditures be balanced within the framework of the existing tax structure.

With the unemployment rate in the Pittsburgh area below the four per cent mark for the first time since October, 1954, there might be a temptation to ease up our total rebuilding activity.

Last year at this time, I said we had turned the corner on our economic prob-

lems. This year, we have picked up more momentum. Next year, I believe, we can do even better, but only by building and expanding on our total effort thus far.

We recognize that government alone cannot create jobs.

But government can help create an environment in which industry will want to locate or expand, and in which families will want to live. This is what we in Pittsburgh have been trying to do for the past two decades in a variety of ways, by cleaning grime from the skies, by removing blight and decay through urban renewal, by improving the whole range of our education facilities from kindergarten to graduate school, by striving to maintain the tax burden upon industry and every homeowner at the lowest possible rate.

That's why the real estate tax levied upon all property owners in the City has not been increased for the past six years.

That's why a few weeks ago we moved to tackle our most serious deficiency in terms of economic expansion, the scarcity of vacant developable land, by establishing a \$4-million land bank fund. I predict that this fund will in the months ahead produce new jobs and new industrial growth not otherwise possible.

With this land bank, we can achieve more successes like the Chateau Street Project on the North Side, where all of the 43 acres acquired for industrial expansion through the Urban Redevelopment Authority are now sold or leased to 19 Pittsburgh firms.

This year, with Council's close cooperation, we were able to provide land for the expansion of Allis-Chalmers plant, thereby preserving its 1700 jobs and facilitating a \$2-million expansion on the North Side.

Similar success stories lie ahead.

Our industrial expansion and urban renewal efforts are closely interwoven.

No city in the United States of comparable size has gone so far in eradicating the blight and decay of the past.

Many observers still identify redevelopment exclusively with the downtown

places of entertainment, including theaters, movie houses, sports promotions, bowling alleys, and the like. If Council approves this revision to the mercantile tax, it will mean the loss of \$50,000 annually to the City, but will result in a significant measure of relief to local amusement operators.

Similar success stories lie ahead.

Our industrial expansion and urban renewal efforts are closely interwoven.

No city in the United States of comparable size has gone so far in eradicating the blight and decay of the past.

Many observers still identify redevelopment exclusively with the downtown

area, but as the members of Council know best, renewal in Pittsburgh is city-wide, bringing new opportunities and opening up a better life for thousands of families.

We have more than 1,000 acres in renewal and redevelopment compared with 23 acres a short 15 years ago. This year alone \$130-million of private and public capital is being invested in our 16 renewal areas.

Our investment in redevelopment is paying generous dividends—in jobs, in new tax revenues, in new purchasing power.

Consider just one piece of one redevelopment project, the \$25-million Chat-ham Center in the Lower Hill, which was recently started. When completed, this apartment-office building-motor hotel complex will be a veritable city within a city, providing an estimated 1,000 job opportunities. Not to mention, of course, the hundreds of thousands of dollars in taxes that will be paid to the City, County and Pittsburgh School Board.

But even in the midst of our overall improvement, we recognize there are weak links. And this community is moving to eliminate them.

Pittsburgh, like many other cities has been faced with a continuing problem of hard-core unemployment among the under-skilled and under-educated. At the same time, there has been the paradox of literally hundreds of jobs which could not be filled because of a lack of skilled workers.

In the fall of 1962, this area launched one of the finest retraining efforts in the country under the Federal Manpower Retraining Act. More than 2,000 men and women have either completed or are undergoing retraining through the auspices of the State Bureau of Employment Security and the Pittsburgh School Board. And of the graduates, more than 75 per cent have found immediate employment in the field for which they were trained.

We have undertaken still another approach to bring new hope and opportunities to our less fortunate fellow citizens by participating in the Federal Anti-Poverty Program. More than eight

months ago, this office started working and planning with representatives of local public and private agencies to develop an imaginative and creative plan for this community. Federal officials indicate we will soon reap the fruits of that planning and coordination.

By next summer, we hope to provide job opportunities for some 600 to 1,000 youngsters and young adults in the City's work-experience program.

Under the direction of the newly-formed Mayor's Committee on Human Resources, Inc., we plan to initiate a Community Action Program with prime emphasis on better education for youngsters from deprived neighborhoods, for improved health and welfare services in those same neighborhoods, and for a cooperative effort between public and private agencies, the likes of which never before attempted in Pittsburgh.

The War on Poverty, for which the Federal government will grant 90 per cent of the financing during the first two years, will require the City to provide 10 per cent. No funds for the municipal share are specifically allotted in this budget, for we hope to secure local credits through administrative and supervisory costs. But Council should be alerted to the possibility that City cash may be needed in the course of the next twelve months to take full advantage of this program.

Through such programs as Manpower Retraining and the Anti-Poverty effort, complementing the work of urban renewal and economic development already underway, we are bringing a new dimension of human renewal into our total rebuilding effort.

This is the way it must be—the Pittsburgh way.

Let the record show we are not coasting on the tide of prosperity nor taking anything for granted. We recognize that much of the improvement locally is due to the general upswing of the economy nationally, and to the high production rates of the steel and manufacturing industry in this area.

But let the record also show we are striving to capitalize on this economic surge through every type of public pro-

gram in which City government can play a role.

We made significant gains in 1964. There were also a few temporary setbacks.

The State Legislature on a partisan basis with the help of the Governor, saw fit to foist upon this Commonwealth an unfair and unconstitutional reapportionment plan. It has been voided by the courts. If we are ever to gain full recognition of urban problems in Harrisburg, a new redistricting plan should be—and must be—the first and foremost order of business in the next session of the General Assembly. We plan to fight vigorously for a reapportionment proposal that will give every citizen of Pittsburgh and Allegheny County an equal voice in the State Legislature.

We would hope that Allegheny County in shaping future plans will give high priority to securing a proper reassignment of public functions, particularly those that are area-wide in scope, but now financed solely by Pittsburgh taxpayers. Our position in attempting to obtain such a transfer of functions is just; we must continue to advance it.

We would also hope that the County Commissioners will give similar top priority to the prompt establishment of a community college plan on a county-wide basis. Few programs have as great a potential for the betterment and advancement of the people in this area.

It is clear, much, much more remains to be done. In my judgment, this budget is a recognition of that fact, an expression of a City on the move, building not just for today, but for decades to come.

As Mayor, I will continue to work with you, and all the other public spirited citizens involved in Pittsburgh's program, to lead a government that is strong and solvent, that has the vision and courage to try new solutions to complex old problems, that is sensitive and sympathetic to the unfilled needs of the City and its people.

I am also transmitting herewith the estimated revenues and expenditures for

the Department of Water, which constitutes that agency's budget for the 1965 calendar year.

As you know, the budget for this function has been independent of the general fund budget since 1954.

Unlike the major general fund revenue items which this year exceeded original expectations, water receipts will be nearly \$200,000 short of the anticipated \$3,559,750.

One major cause is the decline of more than \$65,000 in funds from Homestead Borough which purchases its water from the City system. This results because United States Steel, Homestead's principal customer, now obtains water from another source.

For 1965, the City Treasurer estimates collections at \$8,400,000. It seems unlikely there will be any surplus from this year's operation.

It was expected the Water Department would produce sufficient revenues in 1964 to release \$2 million as surplus to the general fund. But this amount has been reduced to \$1,650,000 because of the decline in revenues and an increase of \$100,000 beyond the original expenditure figure. Earlier this year, Council authorized an additional appropriation of \$100,000, the bulk of which will be used for a 12-inch line on Second Avenue, between Bates and Greenfield Avenues, in conjunction with the State Highway Department's reconstruction of that major artery.

On the spending side of the ledger, total costs for the operation of the Water Department in 1965, including \$1,460,000 for water rent payments to the South Pittsburgh Water Company, allocation of \$358,000 for reimbursement for services provided by other City agencies, and provision of \$600,000 for rehabilitation and improvements, amounts to \$6,836,929. This represents a slight increase of \$15,547 above the adjusted 1964 appropriation.

There are only two substantial changes in this budget compared with the 1964 appropriation.

To purchase chemicals needed for

filtration purposes, the Department is requesting \$515,000, an increase of \$85,000. Intensive use of chemicals and higher prices in bids already received on 1965 contracts are the reasons.

We are also requesting \$25,000 more for meters next year in an effort to reduce the backlog of over-age meters. As pointed out in past years, there are more than 28,000 meters of 35 years or more service. To replace them all would cost a whopping \$876,000. All we can expect to do within the present revenue framework is keep pace with need for new meter installations.

I am not proposing any change in the schedule of water rents.

Therefore, the budget outlook for next year is as follows:

1964 Surplus	None
1965 Revenue estimate	\$8,400,000
1965 Water expenditures	6,836,929

Gross Surplus	\$1,563,071
Return to General Fund.....	1,550,000

Net Surplus	\$ 13,071
-------------------	-----------

Unless revenue collections improve beyond expectations, it can be seen the City's returns on its investment in the Water Department next year will be \$1,550,000. As Council knows, this is not up to par in terms of the normal five and one half per cent return of \$2,145,000 considered to be fair and adequate based on a conservative water plant valuation of \$39 million.

We will continue our extensive modernization program next year to build Pittsburgh's water system, which is now adequate, into a modern and efficient

system capable of meeting not only our present day needs but also of assuring continued service in future years.

We diverted nearly \$500,000 this year from current revenues for plant rehabilitation including replacement of aging and inadequate water lines and valves and cleaning and cementing of Highland Reservoir No. 2. This pay-as-you-go formula for water improvements helps keep our total debt service at a comparatively low figure.

In a few months, the final construction plans for the new \$7 million-plus rapid sand plant will be completed. Of course, we will have to issue bonds to build a facility of this scale and financing plans will be worked out next year.

The rapid sand plant, as you know, will complete the mechanization of our filtration system and should produce significant savings in operating costs up to \$400,000 annually.

For the second straight year, you will note there are no new positions in the Water Budget. We are attempting every economy possible to keep water rates at their present low level. As Council knows, Pittsburgh's water charges are from 20 per cent to 60 per cent lower than that of any other water company in this region. This document provides for a continuation of our determined efforts to rehabilitate the water system and to keep it in proper functioning order so it can provide the service upon which this community depends.

I submit it for your careful consideration and recommend that its provisions be included by Council in the 1965 appropriation and salary ordinance.

Very truly yours,

JOSEPH M. BARR
Mayor

Mr. President: I respectfully ask that immediately upon adjournment of this meeting we review the architect's sketch for the entrance to the Conservatory. The original sketch prepared by Mr. J. W. Cavitt was rejected by City Council and, in effect, we have delayed this rehabilitation.

I respectfully ask that all the members of Council review this with us at this time.

The Chair:

The members of Council will take notice of the request of the Chairman of the Committee on Parks, Recreation and Libraries.

The Chair:

Members of Council: I think it would be appropriate to adjourn today's legislative session out of respect to and in memory of a great newspaperman, Roy W. Howard. Mr. Howard was born in 1883 and died suddenly on Saturday, November 21, 1964. He started his life career in the newspaper business at \$8.00 a week. He was the gentleman who gave to Pittsburgh and its people and the people of the United States the wonderful slogan "Give Light and the People Will Find Their Own Way." This slogan was carried by the Pittsburgh Press and Roy C. Howard was the author of it. I also think it is in line with the budget message we received this morning.

If someone will make this motion, I will be happy to entertain it.

Mr. Jordon moved

That Council adjourn out of respect to the memory of Mr. Roy W. Howard.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon Council adjourned.

Members of Council:

In saluting the flag today, I think it would be very appropriate to dedicate the pledge of Allegiance to the Flag of the United States of America to Winston Churchill who celebrates his 90th birthday today.

As you know, his mother was an American. There is no doubt about it that he is a great man. He is one of the men responsible for the fact that we are not under the rule of Hitler and Nazism. He was the gentleman who really led the way. I think he is entitled to the respect of all of the people of the world for the things he did.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The Chair:

Members of Council:

I have before me an editorial which appeared in the Washington Star on September 14, 1964. If there are no objections, I would like to have it incorporated in the Minutes. The subject matter is related to the question I raised about the Civil Liberties Union sometime ago.

The editorial reads as follows:

NOW—DOWN WITH GRACE!

It is good to read that the students in Fairfax County's W. T. Woodson High School are continuing to say grace at meals despite a challenge from the American Civil Liberties Union.

Grace at Woodson is said on an entirely voluntary basis by children who want to participate. The simple prayer was written by students and the recitation is led by students. In short, the school authorities, except that the prayer is posted in a wall in the cafeteria and that the recitation is on school property, have nothing to do with the procedure.

But these details may not be enough to save the situation. The grace which is recited alludes once to the "Lord God" and again to the "Lord." Conceivably, these are fatal flaws. If the ACLU takes the issue to court the Supreme Court may hold that the Fairfax pupils are in violation of the First Amendment.

All of which leads us to wonder how silly a nation can get. How can anyone possibly believe that the recital of grace by school children impinges upon, or even remotely approaches, the First Amendment's pronouncement that "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof?"

As you know, they are even trying to take the word "God" out of the Pledge of Allegiance to the Flag. If they are able to have it removed from the Pledge, they will take it out of the National Anthem, The Star Spangled

Banner, because it contains the phrase "In God We Trust."

How far are these people going to go? It is because of this question that I bring this matter to your attention. Maybe sixty or a hundred years from now someone will read what the Washington Star had to say on this very important subject.

If there are no objections, this editorial will be incorporated in today's Minutes of Council.

Mr. Counahan:

Mr. President and Members of Council: Today is the 7th of December. It is a date we shall all remember, for on this date, just twenty-three years ago, enemy planes attacked our country at Pearl Harbor, throwing us into one of the most horrible wars the world has known and causing us the loss of hundreds of thousands of lives.

I move that we adjourn today by a rising vote and moment of silent prayer to the memory of those who gave their lives that we may live.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon,

Council adjourned.

Mr. Jordan	(Pres't).

The meeting was opened by the recitation of the pledge of allegiance to the flag of the United States of America.

The Chair

Members of Council:

We have a visitor with us today, Mr. Lwari Shrestha, a thirty-three year old native of Nepal, an Asian country which lies between India and Tibet. He is in

Pittsburgh to attend an institute on administrative management at the Graduate School of Public and International Affairs. I take pleasure in presenting him to the members of Council.

Mr. Shrestha, we welcome you to this country and hope your studies will be successful and that you will be an honor to the country you represent.

Mr. Jordan:

Mr. President, I think the members of Council ought to know, too, that this is the first time the Graduate School of Public and International Affairs has arranged a schedule of this kind. Mr. Shrestha will be here for two weeks internship studying the functions of the various city departments. This is in connection with the course Mr. Shrestha is taking at the University of Pittsburgh.

I think this is good for the City of Pittsburgh and the Graduate School of Public and International Affairs and I hope good for the person undergoing the internship.

The Chair:

I might ask the Chairman of the Committee on Public Safety to enlighten me on Bill No. 1307. I notice that all of the areas specify "Two Hour Parking, Except Sunday" with the exception of Schenley Park Plaza, inner concourse. It specifies "Four Hour Parking, Including Sundays and Holidays."

Do you know anything about it, Mr. Kuhn?

Mr. Kuhn:

It is my understanding that these requirements at the Plaza are to some extent to regulate the spaces that are highly in demand there for the various

civic activities that are carried on not only in the Carnegie Institute and Library but also when events are being conducted in Forbes Field and in other Oakland facilities. There is a premium on space in Oakland and the controls of time there will have the purpose of preventing their being pre-empted by all-day parking. There is as much demand for Sunday parking there as there is anywhere else in the city. This would prevent these spaces from being used by all-day prayers who otherwise monopolize that space and keep it away from those attending those functions carried on on Sunday in those facilities.

The Chair:

Thank you, Councilman Kuhn.

Mr. Kuhn:

It is apparently an exceptional situation there.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Ayes:—

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
Mr. Jordon	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Leslie moved

That the Minutes of Council of Monday, December 7, 1964, be approved.

Which motion prevailed.

Mr. Baskin:

Mr. President and Members of Council:

The City of Pittsburgh has lost one of its leading citizens December 8, 1964, in the death of Samuel M. Levinson, who was well known for many years. Mr. Levinson was one of the guiding lights behind the Levinson Steel Company, but perhaps was even better known for his various charitable activities. He has received recognition from the community during the past years for these activities:

In 1958, he was named the outstanding Jew in Pittsburgh by the Conference of Christians and Jews.

He served as president of the James and Rachel Levinson Foundation, treasurer of the Metallurgical Laboratory of the American Technion Society, trustee of the Brashear Association, Chairman of the Laurel "Y" Camp Committee, treasurer of the Emanuel Spector Foundation and as a board trustee of the National Jewish Hospital, located in Denver.

He has encouraged his family to join with him in community endeavors over the years and they now carry on in the tradition which he has set.

I think I can say nothing better than to introduce into the record a copy of an editorial which appeared in the Jewish Chronicle on December 11, 1964:

"SAMUEL M. LEVINSON, 74

The death of Samuel M. Levinson, 74, a deeply devoted leader in the Pittsburgh community-at-large, leaves a heavy-hearted gap in our leadership ranks. Mr. Levinson was one of the passing breed of men who leap forward to meet problems before the problems come limping to them — they are a get-things-done breed.

But the heart of the man was not his drive and energy vast though they were. Rather it seemed to be in the enthusiastic love he had for people. It started, as all love should start, with one's own

and radiated out in those directions which affect people's lives and activities, regardless of race, color or creed. The good deeds of men are part of their immortality, and many youngsters in this and coming generations will have benefited from Mr. Levinson's vigorous interest and insight into the needs of people. The Y-IRC Day Camp project in Monroeville will be based on a campsite made possible by Mr. Levinson's interest through the James and Rachel Levinson Foundation. Foundlings who come into the world friendless and, in effect parentless, were benefited by Levinson kindness. A host of Jewish and non-Jewish agencies of upliftment benefited from his guidance and his helping hand.

But the heart of the matter was the heart of the man—Samuel M. Levinson, may he rest in peace. Shalom."

With the permission of Council, I will ask that this editorial be incorporated into the record.

I move that when we adjourn we do so out of memory of Samuel M. Levinson.

The Chair:

I think it would be very appropriate if we include in your motion the name of William B. Chase, former president of the Greater Pittsburgh Chamber of Commerce and one of the outstanding citizens of Pittsburgh who has contributed of his time, effort, energy and intellect in making this city a better place in which to live. He has done a lot of charitable work and has been responsible for a lot of activities in the small business concerns of Western Pennsylvania.

If there are no objections by Messrs Baskin and Counahan, we will include the name of William B. Chase in the motion.

Mr. Baskin moved

That Council adjourn out of respect to the memory of Samuel M. Levinson and William B. Chase.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon

Council adjourned.

And the bill was read a second time

The Chair:

I might say for the information of Council and the citizens of Pittsburgh that the appropriation, the tax setup and the total funds available for municipal purposes is \$58,506,836. The Departmental Expenditures are \$58,473,048. This will leave a net surplus of \$33,788.

This is the largest budget in the history of the City of Pittsburgh. We are very fortunate that it will go into operation without any increase in taxes. In fact, there have been no real estate tax increases for the past six years.

Next year's water services will require \$6,836,929. The final appropriation, including water service, will be \$65,708,738.00. This represents an increase of \$2,109,826 above the level of spending authorized for this year. Despite this increase, we have been able to balance the budget without any rise in taxes; we have strengthened and expanded our services, particularly in public safety and recreation, and we have eliminated an onerous business levy which should produce long-range gains for Pittsburgh.

We are voting for a budget that may not please everybody, but I think a lot of people in the City of Pittsburgh will be pleased and very happy as a result of all the work that the Mayor, the administration, City Council and others have done.

And the bill as read a second time was agreed to.

AN ORDINANCE—Authorizing and directing an increase in the indebtedness of the City of Pittsburgh in the amount of Three hundred seventy-five thousand dollars (\$375,000.00) by providing for the issuance and delivery of two (2) temporary indebtedness notes in said total amount for the purpose of paying preliminary expenses in connection with the erection of a proposed stadium on the North Side of the City of Pittsburgh; fixing the form, date, interest rate and maturity provisions of said notes, and levying an annual tax to provide for the payment of the principal and interest thereon.

Whereas. It is necessary that the indebtedness of the City of Pittsburgh be increased in the amount of Three hundred seventy-five thousand dollars (\$375,000.00) for the purpose of paying preliminary expenses in connection with the erection of a proposed stadium on the North Side of the City of Pittsburgh; and,

Whereas, The two (2) low bidders and the City have agreed that one-half ($\frac{1}{2}$) of the loan will be made to the City by each of the banks which were the low bidders, and that two (2) temporary indebtedness notes be issued by the City instead of one (1) note evidencing the entire loan as originally provided for in said Resolution; now, therefore,

Whereas, Such improvement and/or construction is to be participated in by the Bureau of Public Roads, U. S. Department of Commerce, as Project Number U-241 (18); and

Whereas, Such improvement and/or construction will, in the opinion of the Secretary of Highways, require the transfer and/or reconstruction of certain of the 60" water facilities, 100 per centum of which, it is agreed, are located in public right-of-way, which improvement and/or construction will not involve a major and independent segment of the City's water system; and

Provided, However, that any delay in completion of the work outlined in paragraph First, or any portion thereof, which is occasioned by failure of the Commonwealth or its contractor to do other work which, by the nature of its relationship thereto, must be accomplished prior to the aforesaid work outlined in paragraph First, shall not be chargeable to the time limit specified in paragraph Second, and

Provided, Further, that, if for any reason the relocation and/or improvement referred to herein shall be cancelled, abandoned or revised in such a manner that the work described in paragraph First, above, should no longer be required in the opinion of the Secretary of Highways, then, in such event, the only amount which will be payable to the City will be the actual and related indirect costs of the work actually completed at the time of notification by the Commonwealth of the said cancellation, abandonment or revision, plus any additional expenses incurred by the City in restoring its system to normal operating conditions; and

AND

Public Parking Authority of Pittsburgh, a body corporate and politic created and existing under the laws of the Commonwealth of Pennsylvania, domiciled in the County of Allegheny, hereinafter referred to as the "Authority".

WITNESSETH:

Whereas, The Authority, as Lessee, under that certain Lease between the parties hereto dated September 16, 1964, is in the process of developing two (2) off-street parking facilities located in the Eleventh Ward of the City of Pittsburgh, one being bounded on the North by Harvard Street, on the East by Sheridan Avenue, on the South and West by Beckett Way and the other being bounded on the North by Broad Street, on the East by Collins Avenue, on the South by Kirkwood Street and on the West by Sheridan Avenue, hereinafter referred to as the "Parking Lots"; and

1. The City, through its Department of Public Safety, shall furnish police officers to check the parking lots as often as shall be reasonably necessary for enforcement purposes, but not less frequently than curb parking meters in the general area are checked, to determine

whether the vehicles in the parking lots are parked in conformity with the requirements of Ordinance No. 227, approved June 28, 1957, as amended, that all such vehicles be parked within the marked individual parking spaces, that the operator pay the posted parking rate by depositing coins or tokens in the parking meters and that no vehicle be parked longer than the total time permitted in the lots nor longer than the time for which payment into the meter has been made.

The inspection and maintenance so provided shall be at least equal to the inspection and maintenance provided by the City for its own parking meters. Should any meter be in such condition that it cannot be repaired or that its repair will require its removal for more than one (1) day, the City shall install in the place of the defective meter a new meter, which shall be supplied by the Authority for that purpose.

3. The City, through its Department of Public Works, shall, from time to time, and as often as shall be reasonably necessary, clean the parking lots, premises with motorized street sweepers or by other effective methods, so that the parking lots may be maintained in a clean and sanitary condition and at least as clean and sanitary as the surrounding streets of the City.

In the event that the Agreement shall be so terminated, the annual fee payable shall be proportionately reduced and shall be paid by the Authority upon the termination of the Agreement.

THIS AGREEMENT is entered into by the City of Pittsburgh pursuant to Ordinance No. -----, approved-----, 1964.

IN WITNESS WHEREOF, The parties hereto have hereunto affixed their common and corporate seals, duly attested by their proper officers, the day and year first above written.

At each parking place, the operator shall display the license in a conspicuous location at all times. Such licenses shall not be transferable between one operator and another or between one parking place and another. Any operator who ceases to conduct the operation of a parking place shall notify the Treasurer and return the license applicable thereto.

Section 5. Records: Each operator shall maintain, separately with respect to each parking place, complete and accurate records of transactions and of gross receipts of all transactions. Each operator shall issue to the person paying consideration written evidence of such

transactions or classes of transactions as the Treasurer may prescribe by regulations. Where consideration in a transaction is not separately stated, the operator shall maintain such evidence and records as are necessary to segregate the consideration applicable to the transaction. Each operator shall afford the Treasurer and his designated employees and agents access to all such records and evidence at all reasonable times and shall provide verification of the same as the Treasurer may require.

Section 6. Returns and Payment: Each operator, upon forms prescribed by the Treasurer shall file, on or before April 30, 1965, July 31, 1965, October 31, 1965, and January 31, 1966, returns showing gross receipts received with respect to each parking place during the respective three-month period ending on the last day of the month preceding the month in which the return due date occurs. At the time of filing the return, the operator shall pay to the Treasurer all tax due for the period to which the return applies.

Section 7. Treasurer's Powers and Duties: The Treasurer, on behalf of the City, shall receive and collect the taxes, interest, fines and penalties imposed by this ordinance, and shall maintain records showing the amounts received and the dates such amounts were received. The Treasurer shall adopt and enforce regulations relating to any matter pertaining to the administration of this ordinance, including, but not limited to, requirements for evidence and records and forms for applications, licenses and returns.

Section 8. Collection: The Treasurer shall collect, by suit or otherwise, all taxes, interest, costs, fines and penalties due under this ordinance and unpaid. If for any reason, any tax is not paid when due, interest at the rate of six per cent (6%) per year on the amount of unpaid tax and an additional penalty of one-half of one per cent ($1/2$ of 1%) of the amount of unpaid tax for each month or fraction of month during which the tax remains unpaid shall be added and collected. Whenever suit is brought for recovery of unpaid tax, the operator shall, in addition, be liable for the costs of collection as well as for interest and penalties.

Section 9. Violations: Any person who violates any provision of this ordinance or any regulation adopted pursuant to it shall, upon conviction thereof before any alderman or magistrate, be liable for a fine of not more than three hundred dollars (\$300.00) or, in default of payment of such fine, shall be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

Section 10. Severability: If a final decision of a court of competent jurisdiction holds any provision of this ordinance, or the application of any provision to any circumstances, to be illegal or unconstitutional, the other provisions of this ordinance, or the application of such provision to other circumstances, shall remain in full force and effect. The intention of Council is that the provisions of this ordinance shall be severable and that this ordinance would have been adopted if any such illegal or unconstitutional provisions had not been included.

Every taxpayer making such return shall, at the time of filing thereof, pay to the Treasurer the amount of tax shown as due thereon.

Section 4. Collection at Source:

(a) Every person within the City of Pittsburgh who employs one or more persons on a salary, wage, commission or other compensation basis, other than domestic servants, who has not previously registered, shall, within fifteen (15) days after becoming an employer, register with the Treasurer his name and address and such other information as the Treasurer may require.

(b) Every person within the City of Pittsburgh who employs one or more persons on a salary, wage, commission or other compensation basis, other than domestic servants, shall deduct monthly, or more often than monthly, at the time of payment thereof, the tax imposed by this ordinance on the salaries, wages, commissions and other compensation due to his employee or employees, and shall, on or before April 30, 1965, July 31, 1965, October 31, 1965, and January 31, 1966, file a return of taxes deducted on a form prescribed by the Treasurer, and pay to the Treasurer the amount of taxes deducted during the preceding three-month periods ending

Every employer shall furnish a copy of the individual return to the employee for whom it is filed.

(d) Every employer who discontinues business prior to December 31, 1965, shall, within fifteen (15) days after the discontinuance of business, file the returns hereinabove required and pay the tax due.

(e) The failure or omission of any employer to make the deductions required by this section shall not relieve any employee from the payment of the tax or from complying with the requirements of this ordinance relating to the filing of declarations and returns.

Section 5. Powers and Duties of Treasurer:

(a) It shall be the duty of the Treasurer to collect and receive the taxes, fines and penalties imposed by this ordinance. It shall also be his duty to keep a record showing the amount received by him from each person paying the tax and the date of such receipt.

(b) The Treasurer is hereby charged with the administration and enforcement of the provisions of this ordinance, and

is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provisions for the reexamination and correction of declarations and returns, and of payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred, and to prescribe forms necessary for the administration of this ordinance.

(c) The Treasurer and agents designated by him are hereby authorized to examine the books, papers and records of any employer or supposed employer, or of any taxpayer or supposed taxpayer in order to verify the accuracy of any declaration or return, or if no declaration or return was filed, to ascertain the tax due. Every employer or supposed employer, and every taxpayer or supposed taxpayer, is hereby directed and required to give to the Treasurer, or to any agent designated by him, the means, facilities and opportunity for such examinations and investigations, as are hereby authorized.

(d) Any information gained by the Treasurer, his agents, or by any other official or agent of the City of Pittsburgh, as a result of any declarations, returns, investigations, hearings or verifications required or authorized by this ordinance, shall be confidential, except for official purposes and except in accordance with a proper judicial order, or as otherwise provided by law.

(e) Any person aggrieved by any action of the Treasurer shall have the right to appeal as provided by law.

Section 6. Suit for Collection of Tax.

(a) The Treasurer may sue for the recovery of taxes due and unpaid under this ordinance.

(b) Any suit brought to recover the tax imposed by this ordinance shall be begun within six (6) years after such tax is due, or within six (6) years after the declaration or return has been filed, whichever date is later. Provided, however, that this limitation shall not prevent the institution of a suit for the collection of any tax due or determined to be due in the following cases:

(1) Where no declaration or return was filed by any person although a declaration or return was required to be filed by him under provisions of this ordinance.

(2) Where an examination of the declaration or return filed by any person, or of other evidence relating to such declaration or return in the possession of the Treasurer, reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of taxes deducted and of actual or estimated net profits or earnings.

(3) Where any person has deducted taxes under the provisions of this ordinance, and has failed to pay the amounts so deducted to the Treasurer.

Section 7. Interest and Penalties.

If for any reason the tax is not paid when due, interest at the rate of six per centum (6%) per annum on the amount of said tax, and an additional penalty of one-half of one per centum (1/2 of 1%) of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid, shall be added and collected. Where suit is brought for the recovery of any such tax, the person liable therefor shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed.

Section 8. Payment under Protest and Refunds.

The Treasurer is hereby authorized to accept payment under protest of the amount of tax claimed by the City in any case where any person disputes the validity or amount of the City's claim for the tax. If it is thereafter judicially determined by a court of competent jurisdiction that there has been overpayment to the Treasurer, the amount of the overpayment shall be refunded to the person who paid under protest. All refunds shall be made in conformance with the procedure prescribed in Ordinance No. 162, approved May 9, 1962.

Section 9. Applicability.

The tax imposed by this ordinance shall not apply:

(a) To any person as to whom it is beyond the legal power of the City of

Pittsburgh to impose the tax herein provided for under the Constitution of the United States and the Constitution and Laws of the Commonwealth of Pennsylvania.

(b) To institutions or organizations operated for public, religious, educational or charitable purposes, to institutions or organizations not organized or operated for private profit, or to trusts and foundations established for any of the said purposes.

This section shall not be construed to exempt any person who is an employer from the duty of collecting the tax at source from his employees and paying the amount collected to the Treasurer under the provisions of Section 4 of this ordinance.

Section 10. Fines and Penalties for Violation of Ordinance:

(a) Any person who fails, neglects or refuses to make any declaration or return required by this ordinance, any employer who fails, neglects or refuses to register or to pay the tax deducted from his employees, any person who refuses to permit the Treasurer or any agent designated by him to examine his books, records and papers, and any person who makes any incomplete, false or fraudulent return, or attempts to do anything whatsoever to avoid the full disclosure of the amount of his net profits or earnings to avoid the payment of the whole or any part of the tax imposed by this ordinance, shall, upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than Three Hundred Dollars (\$300.00) for each offense, and costs, and, in default of payment of said fine and costs to be imprisoned in the Allegheny County Jail or the Allegheny County Workhouse for a period not exceeding thirty (30) days.

(b) Any person who divulges any information which is confidential under the provisions of subsection (d) of Section 5 of this ordinance, shall, upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than Three Hundred Dollars (\$300.00) for each offense, and costs, and, in default of payment of said fines and costs to be imprisoned in

the Allegheny County Jail or the Allegheny County Workhouse for a period not exceeding thirty (30) days.

(c) The penalties imposed under this section shall be in addition to any other penalty imposed by any other section of this ordinance.

(d) The failure of any person to receive or procure the forms required for making the declaration or returns required by this ordinance shall not excuse him from making such declaration or return.

Section 11. Severability.

The provisions of this ordinance are severable. If any sentence, clause or section of this ordinance is for any reason found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses or sections of this ordinance. It is hereby declared to be the intent of the City Council that this ordinance would have been adopted had such unconstitutional, illegal or invalid sentence, clause or section not been included herein.

AN ORDINANCE—Prescribing compulsory retirement for members of the Bureau of Fire and Bureau of Police covered by the Firemen's Pension Act and the Police Pension Act, other than bureau heads and their assistants and deputies, upon the attainment of sixty-five (65) years of age and twenty (20) years of service, commencing July 1, 1965.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. Findings and Definitions: This ordinance is adopted pursuant to the following findings. The City of Pittsburgh, in compliance with the Firemen's Pension Act of May 25, 1933, P. L. 1050, as amended, and the Police Pension Act of May 22, 1935, P. L. 233, as amended, has established pension plans which provide retirement benefits for members of the Bureau of Police and of the Bureau of Fire of the Department of Public Safety. The duties of the members of the Bureau of Police and Fire require physical strength and vigor for proper performance. The Superintendent of Police, the Assistant Superintendents of Police, the Chief of the Bureau of Fire, and the Deputy Chiefs, however, are primarily engaged in executive duties requiring administrative skill and experience. Therefore the safety and welfare of the City of Pittsburgh is directly dependent upon the physical strength and vigor of the members of the Bureaus of Police and Fire and upon the administrative skill and experience of the supervisors designated above. Accordingly, as used in this ordinance, the term "employees of the Bureaus of Police and Fire" refers to those employees of those bureaus, other than the above supervisors, who are covered by the Firemen's Pension Act of May 25, 1933, P. L. 1050, as amended, and the Police Pension Act of May 22, 1935, P. L. 233, as amended.

Section 2. Retirement Requirement: Each employee of the Bureaus of Police and Fire who, on or before July 1, 1965, shall have attained both the age of sixty-five (65) years and also the completion of twenty (20) years of service credit, under the pension laws above cited, shall retire from the service of the City on that date, July 1, 1965. Thereafter, each employee of the Bureaus of Police and Fire shall retire from the service of the City of Pittsburgh at the end of the first calendar month in which the employee shall have attained both the age of sixty-five (65) years and also the completion of twenty (20) years of service credit, under the pension laws above cited.

It is with deep regret that the death of Robert E. Williams, affectionately known as "Pappy" by his many friends in and out of public life, on Tuesday, April 7, 1964, is recorded and made a part of the minutes of today's Council meeting.

Mr. Williams served in various ap-

pointive public positions prior to being appointed a Police Magistrate, in which capacity he served with distinction. He also was elected Alderman and Democratic Chairman of the Fifth Ward, where he was born and reared.

His ability as an administrator in the field of public service was second only to his conscientious and understanding approach to the problems of the people with whom he worked and those he served.

Pittsburgh is proud of such a son, a worthy representative of its finest citizenship.

He was a kind and loving husband, and a devoted father.

Mr. Williams' death, at the age of 58, bereaves those of us who were closely associated with him in public life and as friends.

Therefore, the Mayor and the members of Council of the City of Pittsburgh express their deep sorrow at his passing, and express their sincere condolences to his family.

Whereas, The firm, last-ditch intervention of President Lyndon B. Johnson was the key to resolving the five-year impasse in the efforts of railroad management and the railroad unions to reach agreement on the application of modern technology to railroad working conditions; and

Whereas, President Johnson's patient work, along with that of the mediators, kept the management and union negotiators in continuing communication and facilitated the give and take which made possible the final settlement; and

Whereas, Roy E. Davidson, grand chief of the Brotherhood of Locomotive Engineers and J. E. Wolfe, chairman of the National Railway Labor Council, while guarding the vital interests of their constituents, found the common ground which averted a disastrous railroad work stoppage; and,

Whereas, The resolution of this dispute proves the efficiency of President Johnson's faith in the ancient biblical admonition "Come now, and let us reason together," Now, Therefore, Be It

Resolved, That the Mayor and the Members of Council of the City of Pittsburgh, do hereby highly commend the efforts of President Johnson, the negotiators and the mediators which led to settlement of the long-standing railroad work rules dispute in full recognition of the paramount national interest in

uninterrupted production and transportation here in Pittsburgh and throughout these United States.

Ralph Munn, Director of Carnegie Library of Pittsburgh for the past 36 years, resigned Friday, September 17, 1964, an action accepted with deep regret by Honorable Joseph M. Barr, Mayor, and the members of Council of the City of Pittsburgh.

Under Mr. Munn's guidance the Pittsburgh Library System grew into one of the greatest free library systems of any city in America.

His achievements were two major projects which extended and improved library service throughout the Pittsburgh area. They were the merger of the independent North Side Libraries with the Pittsburgh Library, and the extension of the library services to all residents of Allegheny County.

Since he assumed directorship in June, 1928, Carnegie Library established special divisions for art, music, public affairs, Pennsylvania interest, and young people. He also established the Gillespie reading room and a special adult services office.

Also, under his directorship branch libraries were established in Brookline, Carrick, Knoxville and the Golden Triangle. His use of bookmobiles with which books are carried to outlying sections of the county by special vehicle, proved one of the most successful innovations.

He was always industrious, faithful and loyal in the office which he held, and filled the office with fidelity to the people of this great community. He leaves a fine record of achievement behind him.

Mr. Munn was Dean of Carnegie Library School of Carnegie Tech from 1928 to 1962, when the school was transferred to the University of Pittsburgh.

He was President of the Pennsylvania Library Association in 1930-31, and President of the American Library Association in 1939-40.

He will serve as director emeritus of Carnegie Library, the first in the institution's history.

The Mayor and the members of Council are happy to know that Mr. Munn will be replaced by Keith Doms, who has already proven himself as an extremely capable assistant director of the Pittsburgh Library System.

Therefore, The Mayor and the members of Council of the City of Pittsburgh acknowledge the splendid services rendered by Mr. Munn, and extend to him our best wishes for contentment and happiness in the future.

Mrs. R. Templeton Smith, President of the Allegheny County League of Women Voters, died on Friday, October 23, 1964, at the age of 74.

Mrs. Smith devoted more than half a century of militant participation in civic and government affairs. She was a determined fighter for the right as she saw it in government, and was critical of any waste, inefficiency, corruption or complacency in the municipal government or the county government.

In 1934 the then Mayor, William N. McNair, appointed Mrs. Smith as budget advisor, which position she held for two years. She was always interested in the annual municipal budgets, and her scrutiny was directed at nearly every facet of city government. Although she had no official status with the City Government, she was given the title "watchdog of the treasury."

As an individual, as well as during her long tenure as President of the Allegheny County League of Women Voters, she steadfastly worked for civic progress.

The death of Mrs. Smith has brought sadness to many Pittsburghers, and those of us who came in contact with her will long remember and feel the impact of the good work of this energetic woman.

Therefore, the Mayor and the members of Council take cognizance of the death of this genial woman, and express to her family and to the members of the Allegheny County League of Women Voters their deep sorrow which the death of Mrs. Smith has brought to this community.

Whereas, Miss Kathleen Frances Ross, of the Morningside District of the City of Pittsburgh, carried the honor of this city into a nation-wide contest for the title of Miss Teenage America, 1964; and

Whereas, Miss Ross distinguished herself and our City by achieving the honor of second place in this contest, through a display of her personality, charm and talents; and

Whereas, Miss Ross added further lustre to her accomplishment by exhibiting a warmth and friendliness which prompted her teen-age peers in the same contest to choose her as MISS CONGENIALITY.

Therefore, The Mayor and the Council acknowledge the contribution made by Miss Ross to the improvement and enhancement of the texture of Teen-age Society in the City of Pittsburgh.

At a time when riots, vandalism, dope addiction, and the entire array of pathetic aberrancies consequent upon our human condition are tragically and terrifyingly characteristic of many of our teenagers.

Miss Ross has given our city and our nation a refreshing and reassuring example of what a teen-ager can do when she lives her faith in God—works assiduously in the development of her talents—and reaches out in warmth and friendliness to her fellow humans, ready to give them the benefits of her gifts.

MAY HER EXAMPLE INSPIRE OTHERS OF HER AGE GROUP TO SIMILAR ACHIEVEMENTS.
